Dear Frances Fernandes

Application by Norfolk Boreas Limited for an Order Granting Development Consent for the Norfolk Boreas Offshore Wind Farm

The following constitutes Natural England's statutory response at Deadline 9 of the Norfolk Boreas Examination. Please see the Table below for an explanation and correlation of documents submitted.

Due to the resource requirements entailed for the Norfolk Vanguard OWF response to Secretary of State for the 27th April and the ongoing pandemic, we will not be able to provide our response to the RIES for the 29th but will provide our final response by close of play on the 30th.

Similarly we will update our Risk and Issues register once the comments on the RIES have been finalised and submit on the 30th.

Natural England has worked with the Applicant on SoCG and ornithology SoCG. There are a number of issues that we are still discussing so we understand that the Applicant now intends to submit these for Deadline 10.

For any queries relating to the content of this letter please contact me using the details provided below.

Yours sincerely,

Tamara Rowson
Norfolk and Suffolk Team
