Subject: Increased traffic flow through Cawston village
Date: 17 June 2020 15:46:01

To whom it may concern,

We are residents of Cawston and live on [REDACTED] which, will take the brunt of your increased traffic proposal. We are unable to attend the proposed virtual meeting on 16 July 2020. However, I still register my concerns on the impact of your proposal on our village and my neighbours on [REDACTED].

I will reiterate to you again. You are going for the cheap option to keep your shareholders happy with complete disregard for the villagers and their concerns/wishes, welfare. Our house already vibrates when large lorries pass down the road, your proposal will make our misery worse.

You aren't trying hard enough for the villagers. There is a route from Oulton airfield that bypasses the main village and brings you out at the old railway bridge at the old Cawston Station adjacent to Glebe Crescent. Have a look at that, try harder for the residents of Cawston!

We will be interested seeing/ hearing a recording of the proceedings.
