25 August 2020

Dear Mesdames,

Our ref. HOW03_NB_25082020

Norfolk Boreas Limited Development Consent Order (DCO) application for Norfolk Boreas Offshore Wind Farm

Deadline 14 Submission: Hornsea Project Three – ExQ5.14.1.4

Hornsea Project Three confirms that it intends to secure the revised Cawston Highway Intervention Scheme (HIS), which has passed a Road Safety Audit during the Norfolk Boreas Examination, by means of submitting an updated version of the Hornsea Three Construction Traffic Management Plan (REP9 -048 of the Hornsea Project Three Examination) which includes the revised Cawston HIS to the Secretary of State by 30 September 2020.

Further to this, in response to the Secretary of State's request for comment on Requirement 18 of the Hornsea Three Draft Development Consent Order dated 1 July 2020, Hornsea Project Three intends to propose DCO wording which references the revised Cawston HIS and therefore a cumulative scheme which includes Hornsea Three, Norfolk Vanguard and Norfolk Boreas. This will again be submitted to the Secretary of State by 30 September 2020.

Hornsea Project Three reiterates its commitment to ongoing engagement with Norfolk Vanguard Limited, Norfolk Boreas Limited, Broadland District Council, Cawston Parish Council and Norfolk County Council to implement the Cawston Highway Intervention Scheme design post-consent.

Yours sincerely,

Celestia Godbehere

Environmental Manager
