Dear Sir/Madam,

Further to my earlier e-mail I am writing to confirm that Anglian Water has agreed the wording of the final Statement of Common Ground with the applicant.

A copy of the final Statement of Common Ground will be provided to the Examining Authority by the applicant on behalf of both parties by deadline 16.

The only change is reference made to the wording of protective provisions for Anglian Water being amended for consistency following the approval of the Norfolk Vanguard project which we have agreed with the applicant.

Should you have any queries for Anglian Water please let me know.

Regards,

Subject: North Boreas Offshore Windfarm - Fourth Round of Questions

Dear Sir/Madam,

Thank you for the opportunity to comment on the Examining Authority's Fourth Round of Questions. The following response is submitted on behalf of Anglian Water.

Q4.16.0.3 Statements of Common Ground:

The ExA requires confirmation that all Statements of Common Ground (SoCG) which are submitted as final by

the Applicant do represent the final position from the other party. If submitted final SoCGs are not signed by the party other than the Applicant, confirmation should be sent in responses to these ExQ4 or by email to confirm the final status of the submitted SoCG at the latest by Deadline 11.

I am writing to confirm that the Statement of Common Ground agreed with Anglian Water re-submitted by the applicant for deadline 9 (document reference REP9-017) is the final agreed position. The Statement of Common Ground is unchanged from that agreed with Anglian Water and submitted for deadline 2 (document reference REP2-058).

I would be grateful if you could confirm that you have received this response.

Should you have any queries relating to this response please let me know.

Regards,
Stewart Patience, MRTPI
