Bristol BS1 6PN

15th September 2020

Dear Ms Fernandes,

**Application by Norfolk Boreas Limited for Norfolk Boreas Offshore Windfarm
Planning Inspectorate Ref: EN010087 – Change to the timetable
Our Registration ID: 20022672**

The Historic Buildings and Monuments Commission for England (known as Historic England) is the Government's advisor on all aspects of the historic environment in England. Historic England's general powers under section 33 of the National Heritage Act 1983 were extended (via the National Heritage Act 2002) to modify our functions to include securing the preservation of monuments in, on, or under the seabed within the seaward limits of the UK Territorial Sea adjacent to England. We provide our advice in reference to National Policy Statements and in recognition of the English marine plan areas (inshore and offshore) as defined by the Marine and Coastal Access Act 2009.

Further to receipt of the letter from Lead Member of the Panel of Examining Inspectors, dated 4th September 2020, we hereby confirm matters as relevant to:

Deadline 18: *"Final Statements of Common Ground with confirmatory email from relevant party, or confirmation that the Final SoCGs submitted at Deadline 11 (11 May) remain unchanged"*

Response: We hereby confirm that the completed and signed SoCG submitted by the Applicant for Deadline 9 (Document Ref: REP9-022) and confirmed in our letter to you of 30th April 2020 details the final position of Historic England regarding this proposed development project.

Yours sincerely,

Dr Christopher Pater
Head of Marine Planning
