

LATE SCOPING CONSULTATION RESPONSES

Consultation Bodies have 28 days to respond with any comments, stating either the information that they consider should be included in the Environmental Statement or that they do not have any comments.

Any responses received after the deadline are not considered within the Scoping Opinion but are forwarded to the Applicant for consideration, in accordance with the policy set out in the Planning Inspectorate's Advice Note seven: Environmental Impact Assessment, Screening and Scoping.

The following EIA scoping consultation responses were received after the consultation deadline specified under legislation and therefore did not form part of the Secretary of State's Scoping Opinion.

Dear Dr Hunt

I met with representatives of EDF and discussed the proposed peaking plant and what they were proposing to submit. The information provided in the Scoping Report is consistent with what was discussed. Therefore Bassetlaw District Council do not have any further requirements. I apologise for the delay in providing this response.

Kind regards

Fiona

Good Morning,

Your ref: 170427_EN010088-000011

Our ref: CON/2017/748

Thank you for your consultation in respect of a scoping opinion for the application by EDF Energy (West Burton Power) Limited for an Order granting Development Consent for the proposed West Burton C Power Station. I apologise for the lateness in sending this response.

I can confirm that North Lincolnshire Council has no comments to make in this regard.

Do not hesitate to contact me should you wish to discuss this matter further.

kind regards
