Dear Hefin

---

**EN010088**

**Planning Act 2008 (as amended) – Chapter 2**

**Application by EDF Energy Ltd for an Order Granting Development Consent for the West Burton C Power Station Project**

**Adequacy of consultation request**

---

Further to your recent letter (dated 30 April), we have reviewed 'West Burton C (Gas Fired Generating Station)/Document Ref. 4.1' and acknowledge that the report aims to provide an account of the statutory consultation and other activities undertaken by EDF prior to the submission of the Application for the construction, operation (including maintenance) and decommissioning of a gas-fired generating station at West Burton. Appendix 6.1 provides information on the consultees who were consulted under Section 43 of the 2008 Act. We have no record, however, of any formal consultation prior to the Application submission. If the applicant believes this is incorrect, it would be helpful to see a copy of what was originally sent and to what address.

Whilst we appreciate that we are not being asked to comment on the merits of the scheme, we recognise that the power station is some considerable distance away from our District, and it is therefore unlikely that we would have raised concerns in this case.

If you would like to discuss any of the above comments further, please do not hesitate to get in touch.

Kind regards

Oliver Scott
