13th May 2019

Dear Hefin

PROPOSAL: Peaking Plant Project (Your Ref: EN010088)

LOCATION: West Burton C Power Station

RE: Adequacy of Consultation Request

Thank you for the letter dated 30th April 2019 alerting us to the submission of the application for the Peaking Plant Project and allowing us the opportunity to comment on the pre-application stage and its compliance with section 42, 47 and 48 of the Planning Act 2008 (as amended).

As the allocated case officer from West Lindsey I have been involved in the pre-application stage of the Peaking Plant project including the completion of a Scoping Opinion. EDF Energy have consulted West Lindsey throughout the process to date with updates when necessary. I have in addition read through the Consultation Report dated April 2019 and it is considered that EDF Energy has complied with the relevant sections of the Planning Act 2008 (as amended) in their duty to consult ourselves, the community and publicise.

Yours Sincerely

Ian Elliott
Senior Development Management Officer
