Dear Ms Wilson,

**West Burton C Power Station Development– Formal Consultation: 7 September to 16 October 2017
Section 42 Planning Act 2008**

EDF Energy (West Burton Power) Limited (referred to in this letter as EDF Energy) is intending to make an application to the Secretary of State for a Development Consent Order for a new gas-fired peaking plant power station of up to 299 megawatts (MW) at the existing West Burton Power Station Site, to be known as West Burton C. As part of this process leading up to the application under the Planning Act 2008, EDF Energy is carrying out pre-application consultation on its proposals.

Informal consultation took place from 5 July to 2 August 2017. Since the close of the informal consultation, EDF Energy has had regard to consultation feedback and has refined its proposals. It is now launching its formal consultation stage from 7 September to 16 October 2017.

The newsletter (enclosed) provides an overview of the key details of the proposed Project and development site, the likely significant environmental impacts and approach to mitigation, and the consenting process.

Copies of the consultation documents, which comprise the Preliminary Environmental Information (PEI) Report, Non-Technical Summary, Statement of Community Consultation, Newsletter (enclosed) and Proof of the Public Notice (enclosed), can be accessed via our webpage (www.westburtonc.co.uk) or in hard copy at the following deposit locations during this consultation stage:

- Gainsborough Library - Cobden Street, Gainsborough, Lincolnshire, DN21 2NG (Monday to Friday 9am-5pm and Saturday 9am-1pm);
- Retford Library - Churchgate, Retford, Nottinghamshire, DN22 6PE (Monday to Friday 9.30am – 6pm and Saturday 9.30am – 4pm);

Dear Mr Wilson,

**West Burton C Power Station Development– Formal Consultation: 7 September to 16 October 2017
Section 42 Planning Act 2008**

EDF Energy (West Burton Power) Limited (referred to in this letter as EDF Energy) is intending to make an application to the Secretary of State for a Development Consent Order for a new gas-fired peaking plant power station of up to 299 megawatts (MW) at the existing West Burton Power Station Site, to be known as West Burton C. As part of this process leading up to the application under the Planning Act 2008, EDF Energy is carrying out pre-application consultation on its proposals.

Informal consultation took place from 5 July to 2 August 2017. Since the close of the informal consultation, EDF Energy has had regard to consultation feedback and has refined its proposals. It is now launching its formal consultation stage from 7 September to 16 October 2017.

The newsletter (enclosed) provides an overview of the key details of the proposed Project and development site, the likely significant environmental impacts and approach to mitigation, and the consenting process.

Copies of the consultation documents, which comprise the Preliminary Environmental Information (PEI) Report, Non-Technical Summary, Statement of Community Consultation, Newsletter (enclosed) and Proof of the Public Notice (enclosed), can be accessed via our webpage (www.westburtonc.co.uk) or in hard copy at the following deposit locations during this consultation stage:

Dear Sir/Madam ,

**West Burton C Power Station Development– Formal Consultation: 7 September to 16 October 2017
Section 42 Planning Act 2008**

EDF Energy (West Burton Power) Limited (referred to in this letter as EDF Energy) is intending to make an application to the Secretary of State for a Development Consent Order for a new gas-fired peaking plant power station of up to 299 megawatts (MW) at the existing West Burton Power Station Site, to be known as West Burton C. As part of this process leading up to the application under the Planning Act 2008, EDF Energy is carrying out pre-application consultation on its proposals.

Informal consultation took place from 5 July to 2 August 2017. Since the close of the informal consultation, EDF Energy has had regard to consultation feedback and has refined its proposals. It is now launching its formal consultation stage from 7 September to 16 October 2017.

The newsletter (enclosed) provides an overview of the key details of the proposed Project and development site, the likely significant environmental impacts and approach to mitigation, and the consenting process.

Copies of the consultation documents, which comprise the Preliminary Environmental Information (PEI) Report, Non-Technical Summary, Statement of Community Consultation, Newsletter (enclosed) and Proof of the Public Notice (enclosed), can be accessed via our webpage (www.westburtonc.co.uk) or in hard copy at the following deposit locations during this consultation stage:
