24 July 2019

Dear Sir / Madam,

West Burton C (Gas Fired Generating Station)

Highways England has been invited to provide comments on the Notice of Acceptance of an Application for a Development Consent Order, in a letter dated 26 June 2019, regarding the proposed West Burton C open cycle gas-fired electricity generating station, located at West Burton Power Station, Retford, DN22 9BL.

Highways England previously responded to this proposal in August 2017 following review of a Transport Assessment Scoping Report, raising no objections as the impact on the Strategic Road Network would be negligible.

We have now reviewed the Transport Assessment of April 2019 submitted in support of the proposal and as there is no change to the size or use of the development our previous comments remain unchanged.

Yours sincerely,

Steve Freek
Midlands Operations Directorate
