Subject: West Burton C Power Station - Rule 17 letter response
Date: 26 March 2020 15:44:12
Attachments: [REDACTED]

Dear Ewa,

**Planning Act 2008 and The Infrastructure Planning (Examination Procedure) Rules 2010 – Rule 17
Application by EDF Energy (Thermal Generation) Limited for an Order Granting Development Consent for the West Burton C power station
Request for further information from the Applicant, Bassetlaw District Council, West Lindsey District Council and Natural England**

Thank you for your email of 9 March regarding the further information request relating to the above case.

Natural England can confirm that the applicant's approach to badger licensing as set out within the attached email is appropriate and reasonable.

I trust this is of assistance to you.

Regards
Roslyn Deeming

www.gov.uk/natural-england.

We are here to secure a healthy natural environment for people to enjoy, where wildlife is protected and England's traditional landscapes are safeguarded for future generations.

Natural England offers two chargeable services – The Discretionary Advice Service ([DAS](#)) provides pre-application, pre-determination and post-consent advice on proposals to developers and consultants as well as pre-licensing species advice and pre-assent and consent advice. The Pre-submission Screening Service ([PSS](#)) provides advice for protected species mitigation licence applications.

These services help applicants take appropriate account of environmental considerations at an early stage of project development, reduce uncertainty, reduce the risk of delay and added cost at a later stage, whilst securing good results for the natural environment.

In an effort to reduce Natural England's carbon footprint, I will, wherever possible, avoid travelling to meetings and attend via audio, video or web conferencing.
