The Secretary of State for Business, Energy and Industrial Strategy (“the Secretary of State”) gives notice under regulation 23(2) of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 that a determination has been made on an application made by EDF Energy (Thermal Generation) Limited (“the Applicant”) for development consent under the Planning Act 2008 (“the 2008 Act”) for Environmental Impact Assessment development.

The West Burton C Power Station is a gas fired generating station with a gross electrical output of up to 299 Megawatts, comprising up to five open cycle gas turbine units, associated generators and connection works within the boundary of the existing West Burton power station site, near Gainsborough, in the county of Nottinghamshire (together “the Development”).
