Good afternoon Paul,

KCC can confirm the proposed viewpoints are approved. It should also be noted that the sections of the Saxon Shore Way and due to be incorporated into the proposed England Coast Path and Natural England may wish to comment further.

If you have any questions please do not hesitate to contact me.

Kind regards,

Hi Alex,

See below

Might be worth reconfirming yourself as project lead on this one?

Dear Francesca

Further to our recent correspondence regarding the Kemsley Mill CHP DCO application, scoping report and PEIR, I am the landscape architect seeking further consultation regarding landscape and visual resources. We have made a commitment to consulting with Kent County Council and Swale Borough Council regarding analysis of visual effects based on a selection of representative viewpoints for high sensitivity receptors.

Please find attached a location plan with ZTV's and viewpoint locations and a set of corresponding photographs which include a required focus on users of the Saxon Shore Way public footpath ZU1/ZU2. Can you please confirm that the viewpoints form an appropriate basis for the assessment of effects on visual amenity as a result of the proposed Kemsley CHP, or if any further viewpoints/visual receptors are required.

Yours sincerely

Paul Ellis
