

Dear Michele,

I would like to register to speak at the PM on 4 October on Point 3, procedural issues, in relation to material planning considerations that are not included in the list of Principal Issues. This may affect the Examination Timetable. I will be representing Biofuelwatch.

I would also like to attend the OFH in the afternoon. As mentioned above there are important issues that are not covered in the Principle Issues list. Might there be an opportunity to discuss those in the afternoon, in case they do not for some reason get added to the Principles Issues list for discussion in the course of the inquiry?

I would like to be contacted by email about this planning inquiry.

Thanks

Duncan
