# 1 INTRODUCTION

## 1.1 Overview

- 1.1.1 An application (“the Application”) for a Development Consent Order (“DCO”) for the Drax Repower Project (“the Proposed Scheme”) has recently been made by Drax (“the Applicant”) to the Secretary of State (“SoS”) for Business, Energy and Industrial Strategy (“BEIS”). The Application was accepted for Examination on 26 June 2018, with the Examination commencing on 4 October 2018.
- 1.1.2 The Proposed Scheme is described in detail in Chapter 3 (Site and Project Description) of the Environmental Statement (Examination Library Reference [APP-071](#)) and the Glossary table above.

## 1.2 Purpose of this Document

- 1.2.1 This document contains the Schedule of Changes in relation to changes made to documents previously submitted for the DCO Application, as set out within the tables below.
- 1.2.2 For each deadline for the Examination, a revised Schedule of Changes will be provided detailing the changes made to documents previously submitted.

# 2 SCHEDULE OF CHANGES

## 2.1 Schedule of Changes for Document 1.2 Application Guide – Rev. 006

Table 2.1 - Schedule of Changes for Document 1.2 - Application Guide Rev. 006

Reference	Change	Reason for Change
General	Update to document revisions, see changes below.	The Application Guide has been updated several times since submission of the Application to reflect updates to other documents. Further, Category 8 (Examination Documentation) has been added following the acceptance of the Application for Examination.

## 2.2 Schedule of Changes for Document 2.1 Site Location Plan – Rev. 02

Table 2.2 - Schedule of Changes for Document 2.1 Site Location Plan Rev. 02

Reference	Change	Reason for Change
Development Parcel H	Change to Site Boundary	Site Boundary updated to reflect the removal of Stage 0

## 2.3 Schedule of Changes for Document 2.2 Land Plans

Table 2.3 - Schedule of Changes for Document 2.2 Land Plans

Reference	Change	Reason for Change
Plot 1	Removal of plot 1	To reflect the removal of Stage 0 (Site Reconfiguration Works) from the DCO Application.
Plot 9	Increase in plot area	Area increased to ensure consistency with Work Plans (as set out in the Additional Land Application, Applicant's document reference 8.5.7).
Plot 11	Decrease in plot area	The increase in plot 12 has led to the decrease of plot 11 (as set out in the Additional Land Application, Applicant's document reference 8.5.7).
Plot 12	Decrease in plot area	The increase in area of plot 9 has led to the decrease on plot 12. Furthermore, plot 12 increased as greater area required for planting mitigation. Overall plot has decreased (as set out in the Additional Land Application, Applicant's document reference 8.5.7).
Plot 25	Increase in plot area	Greater area required for planting mitigation (as set out in the Additional Land Application, Applicant's document reference 8.5.7).
Plot 26	Decrease in plot area	Alignment and area of plot changed to match the current pipeline alignment, ensure consistency with Work Plans, and to allow an increase in plot 25 for planting retention, leading to the decrease in plot 26 (as set out in the Additional Land Application, Applicant's document reference 8.5.7).
Plot 27	Increase in plot area	Alignment and area of plot changed to match the current pipeline alignment and ensure consistency with Work Plans (as set out in the Additional Land Application, Applicant's document reference 8.5.7).
Plot 32	Increase in plot area	Alignment and area of plot changed to match the current pipeline alignment and ensure consistency with Work Plans (as set out in the Additional Land Application, Applicant's document reference 8.5.7).
Plot 33	Decrease in plot area	Alignment and area of plot changed to match the current pipeline alignment and ensure consistency with Work Plans (as set out in the Additional Land Application, Applicant's document reference 8.5.7).
Plot 55	Decrease in plot area	Greater area required for planting mitigation in plots 58 and 66 resulting in a decrease to this plot (as set out in the Additional Land Application, Applicant's document reference 8.5.7).
Plot 58	Increase in plot area	Greater area required for planting mitigation (as set out in the Additional Land Application, Applicant's document

		reference 8.5.7). Original plot area on Land Plans did not cover the area required under the Outline Landscape and Biodiversity Strategy, Applicant's document reference 6.7.
Plot 60	Decrease in plot area	Greater area required for planting mitigation in plots 61 and 67 resulting in a decrease to this plot (as set out in the Additional Land Application, Applicant's document reference 8.5.7).
Plot 61	Increase in plot area	Greater area required for planting mitigation (as set out in the Additional Land Application, Applicant's document reference 8.5.7). Original plot area on Land Plans did not cover the area required under the Outline Landscape and Biodiversity Strategy, Applicant's document reference 6.7.
Plot 62	Increase in plot area	Land required for equipment installation (as set out in the Additional Land Application, Applicant's document reference 8.5.7).
Plot 65	Decrease in plot area	The increase in plot 62 has led to the decrease in plot 65 (as set out in the Additional Land Application, Applicant's document reference 8.5.7).
Plot 66	Increase in plot area.	Greater area required for planting mitigation (as set out in the Additional Land Application, Applicant's document reference 8.5.7). Original plot area on Land Plans did not cover the area required under the Outline Landscape and Biodiversity Strategy, Applicant's document reference 6.7.
Plot 67	Increase in plot area	Greater area required for planting mitigation (as set out in the Additional Land Application, Applicant's document reference 8.5.7). Original plot area on Land Plans did not cover the area required under the Outline Landscape and Biodiversity Strategy, Applicant's document reference 6.7.

## 2.4 Schedule of Changes for Document 2.3A Work Plans

Table 2.4 - Schedule of Changes for Document 2.3A Work Plans

Reference	Change	Reason for Change
Master Key Plan (Sheet 1)	Update from Rev 02 to Rev 03. Updated to reflect changes to affected Works Plans sheets.	To incorporate changes to all affected Works Plans sheets.
Work Plan 1 Key Plan (Sheet 2)	Update from Rev 01 to Rev 02. Updated to reflect changes to affected Work Plan 1 sheets.	To incorporate changes to affected Work Plan 1 sheets.
Work Plan 1C (Sheet 5)	Update from Rev 01 to Rev 02. Reduction in work plan area.	Work plan area reduced so it does not encroach onto National Grid land.

Work Plan 1D (Sheet 6)	Update from Rev 01 to Rev 02. Reduction in work plan area.	Work plan area reduced so it does not encroach onto National Grid land.
Work Plan 2 Key Plan (Sheet 7)	Update from Rev 01 to Rev 02. Updated to reflect changes to affected Work Plan 2 sheets.	To incorporate changes to affected Work Plan 2 sheets.
Work Plan 2C (Sheet 10)	Update from Rev 01 to Rev 02. Reduction in work plan area.	Work plan area reduced so it does not encroach onto National Grid land.
Work Plan 2D (Sheet 11)	Update from Rev 01 to Rev 02. Reduction in work plan area.	Work plan area reduced so it does not encroach onto National Grid land.
Work Plan 6 Key Plan (Sheet 19)	Update from Rev 01 to Rev 02. Updated to reflect changes to affected Work Plan 6 sheets.	To incorporate changes to affected Work Plan 6 sheets.
Work Plan 6B (Sheet 21)	Update from Rev 01 to Rev 02. Increase in work plan area.	Work plan area increased in size to align with requirement for AGI area.
Work Plan 7 Key Plan (Sheet 24)	Update from Rev 02 to Rev 03. Updated to reflect changes to affected Work Plan 7 sheets.	To incorporate changes to affected Work Plan 7 sheets.
Work Plan 7A (Sheet 25)	Update from Rev 01 to Rev 02. Increase in work plan area.	Work plan area increased in size to align with requirement for AGI area, and increased in size along pipeline route area to include retention of trees.
Work Plan 9 Key Plan (Sheet 30)	Update from Rev 01 to Rev 02. Updated to reflect changes to affected Work Plan 9 sheets.	To incorporate changes to affected Work Plan 9 sheets.
Work Plan 9A (Sheet 31)	Update from Rev 01 to Rev 02. Reduction in Work Plan area.	Work Plan area reduced to allow for a 15 m buffer zone around North Station Wood.
Work Plan 9B (Sheet 31)	Update from Rev 01 to Rev 02. Increase in Work Plan area.	Work Plan area increased to allow for 2 points of access into the temporary construction laydown area.
Work Plan 11 Key Plan (Sheet 37)	Update from Rev 01 to Rev 02. Increases and reductions to specific Work Plan area.	<p>Work area removed in the south as Site Reconfiguration Works no longer part of Proposed Scheme.</p> <p>Work Plan area increased to allow for a 15 m buffer zone around North Station Wood.</p> <p>Work Plan area reduced to allow for 2 points of access into the temporary construction laydown area (as a result of Work Number 9B increasing).</p>

Work Plan 15 Key Plan (Sheet 43)	Detail on Sheet 43 deleted.	Work no longer part of Proposed Scheme.
Work Plan 15A (Sheet 44)	Detail on Sheet 44 deleted.	Work no longer part of Proposed Scheme.
Work Plan 15B (Sheet 45)	Detail on Sheet 45 deleted.	Work no longer part of Proposed Scheme.

## 2.5 Schedule of Changes for Document 2.3B Indicative Works Associated with Unit X

Table 2.5 - Schedule of Changes Document 2.3B Indicative Works Associated with Unit X

Reference	Change	Reason for Change
Master Key Plan (Sheet 1)	Update from Rev 02 to Rev 03. Updated to reflect changes to affected Works Plans sheets.	To incorporate changes to all affected Works Plans sheets.
Work Plan 1 Key Plan (Sheet 2)	Update from Rev 01 to Rev 02. Updated to reflect changes to affected Work Plan 1 sheets.	To incorporate changes to affected Work Plan 1 sheets.
Work Plan 1C (Sheet 5)	Update from Rev 01 to Rev 02. Decrease in work plan area.	Work plan area reduced so it does not encroach onto National Grid land.
Work Plan 1D (Sheet 6)	Update from Rev 01 to Rev 02. Decrease in work plan area.	Work plan area reduced so it does not encroach onto National Grid land.
Work Plan 6 Key Plan (Sheet 10)	Update from Rev 01 to Rev 02. Updated to reflect changes to affected Work Plan 6 sheets.	To incorporate changes to affected Work Plan 6 sheets.
Work Plan 6B (Sheet 12)	Update from Rev 01 to Rev 02. Increase in work plan area.	Work plan area increased in size to align with requirement for AGI area.
Work Plan 7 Key Plan (Sheet 15)	Update from Rev 02 to Rev 03. Updated to reflect changes to affected Work Plan 7 sheets.	To incorporate changes to affected Work Plan 7 sheets.
Work Plan 7A (Sheet 16)	Update from Rev 01 to Rev 02. Increase in work plan area.	Work plan area increased in size to align with requirement for AGI area and increased in size in pipeline route area to include retention of trees.

Work Plan 9 Key Plan (Sheet 19)	Update from Rev 01 to Rev 02. Updated to reflect changes to affected Work Plan 9 sheets.	To incorporate changes to affected Work Plan 9 sheets.
Work Plan 9A (Sheet 20)	Update from Rev 01 to Rev 02. Reduction in Work Plan area.	Work Plan area reduced to allow for a 15 m buffer zone around North Station Wood.
Work Plan 9B (Sheet 21)	Update from Rev 01 to Rev 02. Increase in Work Plan area.	Work Plan area increased to allow for 2 points of access into the temporary construction laydown area.
Work Plan 11 Key Plan (Sheet 22)	Update from Rev 01 to Rev 02. Increases and reductions to specific Work Plan area.	<p>Work area removed in the south as Site Reconfiguration Works no longer part of Proposed Scheme.</p> <p>Work Plan area increased to allow for a 15 m buffer zone around North Station Wood.</p> <p>Work Plan area reduced to allow for 2 points of access into the temporary construction laydown area (as a result of Work Number 9B increasing).</p>
Work Plan 15 Key Plan (Sheet 26)	Update from Rev 01 to Rev 02. Detail on Sheet 43 deleted.	Work no longer part of Proposed Scheme.
Work Plan 15A (Sheet 27)	Update from Rev 01 to Rev 02. Detail on Sheet 44 deleted.	Work no longer part of Proposed Scheme.
Work Plan 15B (Sheet 28)	Update from Rev 01 to Rev 02. Detail on Sheet 45 deleted.	Work no longer part of Proposed Scheme.

## 2.6 Schedule of Changes for Document 2.3C Indicative Works Associated with Unit Y

Table 2.6 - Schedule of Changes for Document 2.3C Indicative Works Associated with Unit Y

Reference	Change	Reason for Change
Master Key Plan (Sheet 1)	Update from Rev 01 to Rev 02. Updated to reflect changes to affected Works Plans sheets.	To incorporate changes to all affected Works Plans sheets.
Work Plan 2 Key	Update from Rev 01 to Rev	To incorporate changes to affected Work Plan 2

Plan (Sheet 2)	02. Updated to reflect changes to affected Work Plan 2 sheets.	sheets.
Work Plan 2C (Sheet 5)	Update from Rev 01 to Rev 02. Decrease in work plan area.	Work plan area reduced so it does not encroach onto National Grid land.
Work Plan 2D (Sheet 6)	Update from Rev 01 to Rev 02. Decrease in work plan area.	Work plan area reduced so it does not encroach onto National Grid land.
Work Plan 9 Key Plans (Sheet 10)	Update from Rev 01 to Rev 02. Updated to reflect changes to affected Work Plan 9 sheets.	To incorporate changes to affected Work Plan 9 sheets.
Work Plan 9A (Sheet 11)	Update from Rev 01 to Rev 02. Reduction in Work Plan area.	Work Plan area reduced to allow for a 15 m buffer zone around North Station Wood.
Work Plan 9B (Sheet 12)	Update from Rev 01 to Rev 02. Increase in Work Plan area.	Work Plan area increased to allow for 2 points of access into the temporary construction laydown area.
Work Plan 11 Key Plans (Sheet 13)	Update from Rev 01 to Rev 02. Increases and reductions to specific Work Plan area.	<p>Work area removed in the south as Site Reconfiguration Works no longer part of Proposed Scheme.</p> <p>Work Plan area increased to allow for a 15 m buffer zone around North Station Wood.</p> <p>Work Plan area reduced to allow for 2 points of access into the temporary construction laydown area (as a result of Work Number 9B increasing).</p>

## 2.7 Schedule of Changes for Document 2.4 Access and PRow Plans

Table 2.7 - Schedule of Changes for Document 2.4 Access and PRow Plans

Reference	Change	Reason for Change
Points E and F	Points have been removed	Access point not required – reduction from three to two accesses to Work Number 9B (construction laydown and parking).
Point AU	Moved further north to the position of where Point F was previously	Requirement for a wider access option between

		points AT and AU
--	--	------------------

## 2.8 Schedule of Changes for Document 2.5A Two Unit Option Indicative Plant Layout

Table 2.8 - Schedule of Changes for Document 2.5A Two Unit Option Indicative Plant Layout

Reference	Change	Reason for Change
Key Plan (Sheet 1)	Update from Rev 02 to Rev 03. Updated to reflect changes to affected Indicative Plant Layout sheets.	To incorporate changes to all affected Plant Layout sheets.
South of Site (Sheet 4)	Update from Rev 01 to Rev 02. Detail on Sheet 4 deleted.	Site Reconfiguration Works no longer part of Proposed Scheme.
Gas Pipeline Route (Sheet 8)	Update from Rev 01 to Rev 02. Updated to incorporate new AGI and road configuration.	Updated to location of AGI with respect to connection to existing National Grid line.

## 2.9 Schedule of Changes for Document 2.5B Single Unit Option Indicative Plant Layout

Table 2.9 - Schedule of Changes for Document 2.5B Single Unit Option Indicative Plant Layout

Reference	Change	Reason for Change
Key Plan (Sheet 1)	Update from Rev 02 to Rev 03. Updated to reflect changes to affected Indicative Plant Layout sheets.	To incorporate changes to all affected Plant Layout sheets.
South of Site (Sheet 4)	Update from Rev 01 to Rev 02. Detail on Sheet 4 deleted.	Site Reconfiguration Works no longer part of Proposed Scheme.
Gas Pipeline Route (Sheet 8)	Update from Rev 01 to Rev 02. Updated to incorporate new AGI and road configuration.	Updated location of AGI and road with respect to connection to existing National Grid gas pipeline.

## 2.10 Schedule of Changes for Document 2.6C Indicative Above Ground Gas Installation Elevations

Table 2.10 - Schedule of Changes for Document 2.6C Indicative Above Ground Gas Installation Elevations

Reference	Change	Reason for Change
-----------	--------	-------------------

Sheet 1	Update from Rev 01 to Rev 02. Updated to incorporate new AGI and road configuration.	Updated location of AGI and road with respect to connection to existing National Grid gas pipeline.
---------	--	---

## 2.11 Schedule of Changes for Document 3.1 Draft Development Consent Order – Rev. 2

Table 2.11 - Schedule of Changes for Document 3.1 Draft Development Consent Order - Rev. 2

Reference	Change	Reason for Change
Article 2 (Interpretation)	Amendments to the definitions of: "access and rights of way plans" "application guide" "the book of reference" "the CHP statement" "commitments register" "the environmental statement" "the flood risk assessment" "the lands plans" "the outline construction environmental management plan" "the outline construction traffic management plan" "the outline construction worker travel plan" "the outline landscape and biodiversity strategy" "the pedestrian bridge plan" "the works plans"	The amendments have been made to cross refer to a new Schedule 15 which lists all the documents that must be certified as true copies by the SoS pursuant to Article 39 (Certification of plans etc). This will make it clearer which version of the document is the one to be certified by the SoS.
Article 2 (Interpretation)	Amendments to the definitions of:	The amendments have been made to reflect the removal of Stage 0 (the site reconfiguration works)

	<p>“authorised development”</p> <p>“commence”</p> <p>“requirements”</p> <p>Removal of:</p> <p>“main development”</p> <p>“site reconfiguration works”</p> <p>“site reconfiguration works plans”</p>	
Article 2 (Interpretation)	Inclusion of new definition of "the outline public right of way management plan"	The amendments reflect that an outline public right of way management plan has now been prepared for the purposes of requirement 8, as requested in the Examining Authority's First Written Questions.
Article 2 (Interpretation)	<p>Amendments to the definitions of:</p> <p>"stage 1"</p> <p>"stage 2"</p>	The amendments reflect the fact that numbered works 9 and 11 both relate stages 1 and 2.
Article 8(3) (Application and modification of statutory provisions)	Inclusion of new sub-paragraph (3)	The new sub-paragraph disapplies provisions pursuant to which consents (or similar) may otherwise be required in relation to land drainage, water abstraction, activities near watercourses and flood risk activities. This sub-paragraph is being discussed with the Environment Agency and Selby Area Internal Drainage Board.
Article 19(3) (Compulsory acquisition of land)	Inclusion of the words "and article 30 (statutory undertakers)."	Inclusion of these words in response to DCO 1.8.
Article 24 (Application of the Compulsory Purchase (Vesting Declarations) Act 1981)	Addition of wording at sub-paragraphs (4), (7) and (10)	For clarification purposes following further review on behalf of the Applicant.
Article 38 (Defence to proceedings in respect of statutory nuisance)	Amendments to sub-paragraphs (1) and (2)	<p>Amendments to sub-paragraph (1) identify relevant paragraphs in relation to which proceedings in relation to a nuisance may be brought, following further review of this provision by the Applicant.</p> <p>Amendments to sub-paragraph (2) reflect that section</p>

		65 of the Control of Pollution Act 1974 has been repealed, and in response the Examining Authority's First Written Questions.
Article 39 (Certification of Plans)	Removal of list of documents and plans to be certified	All the documents and plans to be certified by the SoS pursuant to this Article are now listed in Schedule 15.
Article 41 (Procedure in relation to certain approvals etc)	Amendments to the article	Amendments to Article 41 reflect that Schedule 11 (procedure for discharge) has been amended in order to have a wider application than to the discharge of requirements only. This Article and Schedule 11 will apply to an application or request made of any authority or body named in any provision of the Order.
Schedule 1 (Authorised Development)	Formatting and slight tweaks to references	For clarification purposes following Pinsent Masons' review
Schedule 1 (Authorised Development)	Work No. 2C amendments	A new pipe may not need to be installed for the GRF (Work No. 5) to connect in to Unit Y (Work No. 2A) given a pipe will have been installed for Unit X. Instead, infrastructure to connect into that existing pipe (installed as part of Work No. 1C) may be the preferred approach
Schedule 1 (Authorised Development)	Work No. 3 amendments	<p>Amendments reflect the removal of a restriction on the capacity of the battery storage facilities. The effect of this is to allow for future improvements in technology which may allow greater storage capacity to be provided within the same parameters that are secured by requirement 6 of Schedule 2. This would enable the battery facility constructed for Unit X to potentially exceed 100MW. However, given the overarching restriction on the combined gross electrical output capacity for the Proposed Scheme of up to 3,800 megawatts, the total capacity for the battery storage facility for both Units X and Y remains at 200MW. This is considered good practice to enable the DCO, should it be granted, to respond to improvements in battery storage technology.</p> <p>Amendments to Work No. 3 made to enable the DCO, should it be granted, to respond to technological improvements and the method in which battery cells are house/protected.</p>
Schedule 1 (Authorised Development)	Work No. 5 amendments	Amendments to sub-paragraph (f) have been made to restrict the construction of the boiler houses based on total installed capacity rather than number of boilers. This is consistent with the assessment in the Environmental Statement.

Schedule 1 (Authorised Development)	Work No. 6 amendments	Amendments to include (viii) and (ix) are made to reflect that an access (and culvert as part of that access) will be constructed to allow the relevant landowner to access their land to south of the AGI (Work No. 6). This access has been agreed with the landowner.
Schedule 1 (Authorised Development)	Removal of Work No. 15	Amended to reflect the removal of Stage 0 (the site reconfiguration works) from the authorised development.
Schedule 2 (Requirements)	Change of reference from “main development” to “authorised development” in various requirements	Amended to reflect the removal of Stage 0 (the site reconfiguration works)
Schedule 2 (Requirements)	Removal of Requirement 3 (Notice of carrying out site reconfiguration works under another permission)	Amended to reflect the removal of Stage 0 (the site reconfiguration works) from the authorised development
Schedule 2 (Requirements)	Removal of “save for the permitted preliminary works” from various requirements	Given the definition of “commence” in Article 2(1) it is not necessary to further expressly carve out the permitted preliminary works in each article
Schedule 2 (Requirements)	Amendments to Requirement 6 (Detailed design approval)	<p>A restriction on commencing work 3B until the detailed design of such works has been approved by the relevant planning authority has been added.</p> <p>An amendment has also been made to sub-paragraph (8) to require the approval of the size of the culvert in Work No. 6A, to reflect discussions with Selby Area Internal Drainage Board.</p>
Schedule 2 (Requirements)	Amendments to Requirement 8 (Public rights of way diversion)	Amendments made to reflect that an outline public right of way management plan has been prepared and will be a certified document, in response to the Examining Authority’s First Written Questions.
Schedule 2 (Requirements)	Amendments to Requirement 10 (Highway accesses and passing place during construction)	Amendments have been made to allow a realistic timeframe in which to reinstate temporary accesses, following full commissioning of Work Nos 1A and 2A.
Schedule 2 (Requirements)	Addition of Requirement 13 (Flood Risk Mitigation)	This requirement has been added in response to a request from the Environment Agency (as set out in its Relevant Representation).

Schedule 2 (Requirements)	Amendments to Requirement 14 (Ground conditions)	This requirement has been largely replaced in response to a request from the Environment Agency (as set out in its Relevant Representation).
Schedule 2 (Requirements)	Removal of Requirement 21	This requirement has been removed in response to the Relevant Representation received from the Environment Agency, indicating that the content of this requirement would be secured by a condition to the Environmental Permit.
Schedule 2 (Requirements)	Addition of Requirement 24 (Local liaison committee)	This requirement has been included to secure provisions in relation to a local liaison committee.
Schedule 2 (Requirements)	Removal of "Part 3" of the Requirements	The requirements in Part 3 have been deleted to reflect the removal of Stage 0 (the site reconfiguration works) from the authorised development.
Schedule 3 (Streets subject to street works)	Amendments to Table 1	<p>Table 1 has been amended to include the street works for the pedestrian footbridge.</p> <p>The access between points E and F on the access and rights of way plans has been deleted from Table 1 to reflect the reduction from three to two accesses for the construction laydown and car parking area as part of Work No. 9B.</p>
Schedule 4 (Streets subject to permanent and temporary alteration of layout)	Amendments to Part 2, Table 3	The access between points E and F on the access and rights of way plans has been deleted from Table 3 to reflect the reduction from three to two accesses for the construction laydown and car parking area as part of Work No. 9B.
Schedule 5 (Access)	Amendments to Part 3, Table 6	The access between points E and F on the access and rights of way plans has been deleted from Table 6 to reflect the reduction from three to two accesses for the construction laydown and car parking area as part of Work No. 9B.
Schedule 8 (Land in which new rights etc may be acquired)	Amendments to rights sought	<p>The amendments reflect that rights are required in relation to reinstatement and retention of planting or existing planting. For Plots 12 and 25, such rights have been added as a result of the Additional Land Application, the effect of which is that those plots would be increased in order to ensure existing planting is retained.</p> <p>New rights over plot 65 (shown on the land plans) in relation to Work No.6A have been added in relation to the access road to be constructed to allow the landowner access to their land to the south of plot 65.</p>

Schedule 10 (Land of which temporary possession may be taken)	Additional temporary possession	Amendments reflect that temporary possession is sought over some areas in order to under take actions for the improvement, reinstatement and retention of existing planting, as discussed with the applicable landowners.
Schedule 11 (Procedure for discharge)	Amendments to schedule	The amendments allow the provisions of this schedule to be utilised more widely than just in connection with the discharge of requirements.  Amendments have also been made in relation to the Appeals provisions to reflect the Examining Authority's First Written Questions.
Schedule 11 (Procedure for discharge)	Addition of fees paragraph 4	This paragraph has been inserted following discussion with the local authorities.
Schedule 13 (Design Parameters)	Removal of Part 4	Amended to reflect the removal of Stage 0 (the site reconfiguration works) from the authorised development
Schedule 15 (Documents and plans to be certified)	Addition of a new Schedule	This Schedule lists all the documents that must be certified as true copies by the SoS pursuant to Article 39 (Certification of plans etc).

## 2.12 Schedule of Changes for Document 4.2 Funding Statement - Rev. 002

Table 2.12 - Schedule of Changes for Document 4.2 Funding Statement - Rev.002

Reference	Change	Reason for Change
Paragraph 3.2.1	Update to the figure estimated for compensation for compulsory acquisition.	In response to Examining Authority's First Written Questions and to reflect Additional Land Application.
Paragraph 4.1.1	Confirmation of funds in relation to additional land.	As a result of the Additional Land Application.

## 2.13 Schedule of Changes for Document 4.3 Book of Reference - Rev. 004

Table 2.13 - Schedule of Changes for Document 4.3 Book of Reference - Rev. 004

Reference	Change	Reason for Change
-----------	--------	-------------------

Plot 1	Removal of plot 1	Site Reconfiguration Works (Stage 0) is to be removed from the DCO Application.
Plots 9, 9a, 9b, 11, 12, 25, 26, 27, 28	John Stones removed as freeholder	Information confirmed through Her Majesty's Land Registry Title that John Stones no longer holds a freeholder interest in these plots.
Plot 9	Increase in plot area	Area increased to ensure consistency with Work Plans (as set out in the Additional Land Application, Applicant's document reference 8.5.7).
Plot 11	Decrease in plot area	The increase in plot 12 has led to the decrease of plot 11 (as set out in the Additional Land Application, Applicant's document reference 8.5.7).
Plot 12	Decrease in plot area	The increase in area of plot 9 has led to the decrease on plot 12. Whilst plot 12 increased as greater area required for planting retention, overall plot has decreased (as set out in the Additional Land Application, Applicant's document reference 8.5.7).
Plot 19	Article numbers 20 and 22 added	Inclusion of article numbers in relation to land take requirements.
Plot 21	Article numbers 20 and 22 added	Inclusion of article numbers in relation to land take requirements.
Plot 25	Increase in plot area	Greater area required for planting retention (as set out in the Additional Land Application, Applicant's document reference 8.5.7).
Plot 26	Decrease in plot area	Alignment and area of plot changed to match the current pipeline alignment and ensure consistency with Works Plans, and to allow an increase in plot 25 for planting retention, leading to the decrease in plot 26 (as set out in the Additional Land Application, Applicant's document reference 8.5.7).
Plot 27	Increase in plot area	Alignment and area of plot changed to match the current pipeline alignment and ensure consistency with Works Plans (as set out in the Additional Land Application, Applicant's document reference 8.5.7).
Plot 32	Increase in plot area	Alignment and area of plot changed to match the current pipeline alignment and ensure consistency with Work Plans (as set out in the Additional Land Application, Applicant's document reference 8.5.7).
Plot 33	Decrease in plot area	Alignment and area of plot changed to match the current pipeline alignment and ensure consistency with Works Plans (as set out in the Additional Land Application, Applicant's document reference 8.5.7).
Plot 55	Decrease in plot area	Greater area required for planting mitigation in plots 58 and 66 resulting in a decrease to this plot (as set

		out in the Additional Land Application, Applicant's document reference 8.5.7).
Plot 58	Increase in plot area	Greater area required for planting mitigation (as set out in the Additional Land Application, Applicant's document reference 8.5.7). Original plot area on Land Plans did not cover the area required under the Outline Landscape and Biodiversity Strategy, Applicant's document reference 6.7.
Plot 60	Decrease in plot area	Greater area required for planting mitigation in plots 61 and 67 resulting in a decrease to this plot (as set out in the Additional Land Application, Applicant's document reference 8.5.7).
Plot 61	Increase in plot area	Greater area required for planting mitigation (as set out in the Additional Land Application, Applicant's document reference 8.5.7). Original plot area on Land Plans did not cover the area required under the Outline Landscape and Biodiversity Strategy, Applicant's document reference 6.7.
Plot 62	Increase in plot area	Land required for equipment installation (as set out in the Additional Land Application, Applicant's document reference 8.5.7).
Plot 65	Decrease in plot area	The increase in plot 62 has led to the decrease in plot 65 (as set out in the Additional Land Application, Applicant's document reference 8.5.7).
Plot 66	Increase in plot area.	Greater area required for planting mitigation (as set out in the Additional Land Application, Applicant's document reference 8.5.7). Original plot area on Land Plans did not cover the area required under the Outline Landscape and Biodiversity Strategy, Applicant's document reference 6.7.
Plot 67	Increase in plot area	Greater area required for planting mitigation (as set out in the Additional Land Application, Applicant's document reference 8.5.7). Original plot area on Land Plans did not cover the area required under the Outline Landscape and Biodiversity Strategy, Applicant's document reference 6.7.

## 2.14 Schedule of Changes for Document 4.4 Compulsory Acquisition Schedule - Rev. 003

Table 2.14. Schedule of Changes for Document 4.4 Compulsory Acquisition Schedule - Rev. 003

Reference	Change	Reason for Change
Plot 1	Removal of plot 1.	Site Reconfiguration Works (Stage 0) is to be removed from the DCO Application.
Plot 2	Removal of Work No. 15A	Site Reconfiguration Works (Stage 0) is to

		be removed from the DCO Application.
Plot 5	Removal of Work Nos. 1C, 1D, 2C and 2D	Work Nos. have been amended to not overlap with Plot 5.
Plots 9, 9a, 9b, 11, 12, 18, 25, 26, 27, 28	John Stones removed as freeholder.	Information confirmed through Her Majesty's Land Registry Title that John Stones no longer holds a freeholder interest in these plots.
Plots 2,3,4,6,7,8,10,13,15,19	Trustees of the Drax Power Group under the Electricity Supply Pension Scheme	Confirmation from Drax Ltd the interest is held by the Trustees of the Drax Power Group under the Electricity Supply Pension Scheme, and not by a single person.
Plots 2,3,4,6,7,8,10,13,15,19	John Blagden excluded as a mortgagee.	Confirmation from Drax Power Ltd that John Blagden is no longer a trustee and in any event the interest is held by the Trustees of the Drax Power Group under the Electricity Supply Pension Scheme, and not by a single person.
Plots 1,2,3,4,6,7,8,10,13,15 and 19	Philip Hudson excluded as a mortgagee.	Confirmation from Drax Power Ltd that no single person holding the interest and the interest is held by the Trustees of the Drax Power Group under the Electricity Supply Pension Scheme as a registered charge. Philip Hudson is the chairman of the trust.

## 2.15 Schedule of Changes for Document 5.8 Other Consents and Licences – Rev. 002

Table 2.15 - Schedule of Changes for Document 5.8 Other Consents and Licences - Rev. 002

Reference	Change	Reason for Change
Table 1 Item 1 Environmental Permit (EP). The Environmental Permitting (England and Wales) Regulations 2016	Environmental Permit Application has been duly made since submission.	Updated to reflect progress since submission of the Application.
Table 1 item 9 Licence under the Protection of Badgers Act 1992	Removed reference to European protected species licence and provided further detail on timings for Badgers licence.	Reference to European species licence was an error.
Table 1 item 12	Update to status of Bilateral	Updated to reflect progress since

Bilateral Connection Agreement and construction agreement for connection to the NTS at the existing NG 400 kilovolt substation for the export of electricity from the Site	Connection Agreement.	submission of the Application.
Table 1 item 13 Planning Permission. Town and Country Planning Act 1990 (as amended) (TCPA)	Updated to reflect the removal of Stage 0 from the DCO Application.	Stage 0 (the Site Reconfiguration Works) is being implemented under planning permission 2018/0154/FULM.
Table 1 item 14 Surface Water Abstraction Licence (temporary works)	Added “only to the extent not covered by the Order”.	Added for clarity.
Table 1 item 17 Planning and Advanced Reservation of Capacity Agreement (PARCA)	Update to status of PARCA Application.	Updated to reflect progress since submission of the Application.

## 2.16 Schedule of Changes for Document 6.2.5.1 Construction Worker Travel Plan - Rev. 002

Table 2.16 - Schedule of Changes for Document 6.2.5.1 Construction Worker Travel Plan - Rev. 002

Reference	Change	Reason for Change
Section 3.4	Additional clarity on the working hours and when they apply.	Extra clarity on working hour restrictions.
Section 5.3	Additional information on construction workforce added and opportunities to car share.	As requested by NYCC in representation and discussions.
Sections 6.3, 6.4, 6.5, 6.6, 6.9 and 6.10	Updates made to the detail of the measures with more explicit practical arrangements and updates made to the SMART Measures in light of discussions held with Highways England and NYCC. For example, more detail has been provided on SMART Measure 5 Car Parking Strategy.	Following discussions held with Highways England and NYCC.
Chapter 7	New Chapter 7 added – Travel Plan Targets	Following discussions held

	and Monitoring. This has been added through discussions with Highways England and NYCC and provides more detail about targets and monitoring to improve the outcomes of the Construction Worker Travel Plan.	with Highways England and NYCC.
--	--	---------------------------------

## 2.17 Schedule of Changes for Document 6.2.5.2 Construction Traffic Management Plan - Rev. 002

Table 2.17 - Schedule of Changes for Document 6.2.5.2 Construction Traffic Management Plan - Rev. 002

Reference	Change	Reason for Change
Paragraph 2.1.6	Additional text added relating to the requirement of the CTMP as part of the DCO.	Additional clarity added in relation to the documents purpose.
Section 3.1	Additional text added in relation to safe site access along Rusholme Lane and proposed HGV access routes.	In response to Newland Parish Council representations and following further access considerations.
Paragraph 4.3.4	Cross reference made to the role of the CWTP (Doc ref 6.2.5.1) in managing construction worker travel patterns.	Highlighting to interdependencies of the two documents Plans (CWTP and CTMP).
Section 6.1	Reference made to the Car Parking Management Strategy in the CWTP (Doc ref 6.2.5.1) in managing construction worker travel patterns.	Highlighting to interdependencies of the two documents Plans (CWTP and CTMP).
Figure 3	New Figure 3 added detailing HGV routes to be used, and access points from the public highway.	In response to Newland Parish Council representations and following further access considerations.

## 2.18 Schedule of Changes for Document 6.2.9.10 Environmental Statement – Volume 2 – Appendix 9.10 – Biodiversity Net Gain Assessment – Rev.002

Table 2.18 - Schedule of Changes for Document 6.2.9.10 Environmental Statement - Volume 2 - Appendix 9.10 - Biodiversity Net Gain Assessment - Rev.002

Reference	Change	Reason for Change
Section 1.5	Introductory text updated to reflect amendments made throughout document for Deadline 2	Provide summary of the reasons why the BNG Report has been updated. Provide updated description of the Proposed Scheme in accordance with the Deadline 2 DCO.
Paragraphs 2.2.1, 2.2.2 and 2.2.5	Development Parcel H removed from BNG calculations. Description of Development Parcels, Compensation Areas and Additional Areas updated.	Development Parcel H is no longer included within the Proposed Scheme and is instead being delivered under planning permission 2018/0154/FULM.  The description of Development Areas, Compensation Areas, and Additional Areas has been updated to reflect the language and terminology used in the Outline Landscape and biodiversity Report version 002 as submitted at Deadline 2.
Paragraphs 3.1.2 and 3.2.4	Development Parcel H removed from BNG calculations. Removal of assumptions relating to lack of Phase 1 habitat data and habitat condition assessment data. Removal of assumptions relating to Compensation Areas no longer being used or that have been renamed for Deadline 2	Development Parcel H is no longer included within the Proposed Scheme and is instead being delivered under planning permission 2018/0154/FULM.  Limitations and assumptions have changed to reflect the updated information on which the BNG assessment is based
Chapter 4	Results updated to reflect revised terminology and descriptions for Development Areas,	The description of Development Areas, Compensation Areas, and Additional Areas has been updated to reflect the language and terminology used in the Outline Landscape and biodiversity Report version 002 as submitted at

	Compensation Areas and Additional Areas. Results updated throughout the chapter to reflect revised BNG calculations.	Deadline 2.  The BNG calculations have been rerun to reflect changes to impacts on habitats and changes in the provision of Biodiversity Units, due to minor changes to the Proposed Scheme since submission of the DCO application. The calculations have also changed to reflect additional information on the condition of existing habitats collected by the Applicant since the submission of the DCO application.
Chapter 5	Conclusions updated to reflect the updates made throughout Chapters 1 – 4 of the report. These include summarising the predicted Net Gains for Biodiversity Units and Linear Units as of Deadline 2.	Revised to reflect updates made throughout Chapter 1 – 4 of the updated BNG Report.

## 2.19 Schedule of Changes for Document 6.4 Environmental Statement Commitments Register- Rev. 002

Table 2.19 - Schedule of Changes for Document 6.4 Environmental Statement Commitments Register - Rev.002

Reference	Change	Reason for Change
6.4 Environmental Statement Commitments Register	- Inclusion of information regarding protection of a field boundary protected under the Hedgerows Regulations Act 1997 (paragraph 3.5.2),	The measures detailed were included in the ES but were not transposed into the Commitments Register.
6.4 Environmental Statement Commitments Register	- Inclusion of details regarding woodland buffers to be retained.	This was included to mirror the measures detailed in the Landscape and Biodiversity Strategy.

## 2.20 Schedule of Changes for Document 6.5 Outline Construction Environmental Management Plan - Rev.002

Table 2.20 - Schedule of Changes for Document 6.5 Construction Environmental Management Plan - Rev. 002

Reference	Change	Reason for Change
Table 1-2	<ul style="list-style-type: none"> <li>- Text updated to make clear that Table 1-2 provides the likely technique subject to pre-construction surveys.</li> </ul>	Provides clarity that until pre-construction surveys are carried out, the final techniques cannot be confirmed.
Section 3 (in Rev 001)	<ul style="list-style-type: none"> <li>- Demolition Method Statement was removed, along with references to demolition works in other sections.</li> </ul>	The information was removed following the removal of Stage 0 from the works.
Paragraph 3.3.5	<ul style="list-style-type: none"> <li>- Inclusion of details of activities routinely carried out on the Drax Power Station Site.</li> </ul>	For clarity.
Paragraph 3.7.7 and 3.8.2	<ul style="list-style-type: none"> <li>- Update to include information regarding the treatment of land drains during construction.</li> </ul>	The information was included in Chapter 3 of the Environmental Statement but not transposed into Rev01 of the outline CEMP.
Paragraph 3.4.2,	<ul style="list-style-type: none"> <li>- Inclusion of details regarding woodland buffers to be retained.</li> </ul>	Included to mirror the measures detailed in the Outline Landscape and Biodiversity Strategy.
Paragraph 3.4.3	<ul style="list-style-type: none"> <li>- Inclusion of text regarding the removal of hedgerow in Development Parcel A.</li> </ul>	Included to mirror the measures detailed in the Landscape and Biodiversity Strategy.
Paragraph 3.4.6	<ul style="list-style-type: none"> <li>- Included text in relation to the provision of otter and fish method statement to support the CEMP.</li> </ul>	Updated in line with the HRA.
Paragraph 3.5.2	<ul style="list-style-type: none"> <li>- Inclusion of information regarding protection of a field boundary protected under the Hedgerows Regulations Act 1997 (paragraph 3.5.2),</li> </ul>	The measures detailed were included in the Environmental Statement but were not transposed into Rev 01 of the outline CEMP.
Paragraph 3.7.11	<ul style="list-style-type: none"> <li>- Inclusion of reference to a Foundations Works Risk Assessment in paragraph 3.7.11.</li> </ul>	Included to clarify the requirements and mitigation surrounding piling, if required.

## 2.21 Schedule of Changes for Document 6.7 Landscape and Biodiversity Strategy and Biodiversity Plans - Rev. 002

Table 2.21 - Schedule of Changes for Document 6.7 Landscape and Biodiversity Strategy and Biodiversity Plans - Rev. 002

Reference	Change	Reason for Change
6.7 Outline Landscape and Biodiversity Strategy	Substantial revisions were made to the structure and content of the document including the need to ensure that mitigation was considered in the context of the wider environment. The alterations to the structure mean that sections of text, including whole chapters, appendices and other substantial sections of the document cannot readily be linked to the previous structure of the document.	Revisions were made based on several rounds of comments received from NYCC and/or SDC, some of which requested substantial changes to the structure and content of the document.

## 2.22 Schedule of Changes for Document 6.8 Flood Risk Assessment (Surface Water Drainage Strategy) - Rev. 002

Table 2.22 - Schedule of Changes for Document 6.8 Flood Risk Assessment (Surface Water Drainage Strategy) - Rev. 002

Reference	Change	Reason for Change
Table of Contents	Section 6.6 'Contractor's village' removed.	'Contractor's village' area was excluded following the removal of Stage 0 from this DCO application.
Executive Summary	Additional text added for the diversion of the North Perimeter Ditch	Clarification of two-stage channel design.
Paragraph 1.2.8	Removed.	The paragraph relates to Area H, which was excluded following the removal of Stage 0 from this DCO application.
Paragraph 1.3.1	Document reference added.	Identification of the document.
Figure 2	Area H was removed from the figure.	Area H was excluded following the removal of Stage 0 from this DCO application.
Paragraph 2.6.3	Additional text related to consents added	Reference to DCO added.

	to the report.	
Paragraph 3.2.5	Reference to Area H was deleted.	Area H was excluded following the removal of Stage 0 from this DCO application.
Paragraph 4.2.3	Reference to the area located in Area H was deleted.	Area H was excluded following the removal of Stage 0 from this DCO application.
Paragraph 4.2.15	Additional text added to explain retention of Area H in Figure 4.	Figure 4 has been extracted from the hydraulic modelling report undertaken for the Proposed Scheme, which included Area H at that time.
Paragraph 5.1.2	Additional text related to consents added to the report.	Reference to DCO added.
Paragraph 5.2.9	Reference to the area located in Area H was deleted.	Area H was excluded following removal of Stage 0 from this DCO application.
Paragraph 5.3.3	Additional text added.	Reference to DCO added.
Paragraph 6.1.5	Text amended.	Text amended to reflect accordance with the scheme approved pursuant to requirement 12 of the draft DCO.

## 2.23 Schedule of Changes for Document 8.5.2 Accompanied Site Inspection – Suggested Locations and Justifications – Rev 002

Table 2.23 - Accompanied Site Inspection - Suggested Locations and Justifications Rev. 002

Reference	Change	Reason for Change
Suggested Locations	Stop at the AGI added.	Upon request made by the Examining Authority.
