# 1 INTRODUCTION

## 1.1 Overview

- 1.1.1 An application (“the Application”) for a Development Consent Order (“DCO”) for the Drax Repower Project (“the Proposed Scheme”) was made by Drax (“the Applicant”) to the Secretary of State (“SoS”) for Business, Energy and Industrial Strategy (“BEIS”) on 29 May 2018. The Application was accepted for Examination on 26 June 2018, with the Examination commencing on 4 October 2018.
- 1.1.2 The Proposed Scheme is described in the Order, the updated Glossary (Examination Library Reference REP3-003) submitted for Deadline 3, and in more detail in Chapter 3 of the Environmental Statement (Examination Library Reference REP6-003, Rev 002, updated at Deadline 6).

## 1.2 Purpose of this Document

- 1.2.1 This document contains the Schedule of Changes in relation to changes made to documents previously submitted for the DCO Application, as set out within the tables below.

# 2 SCHEDULE OF CHANGES

## 2.1 Schedule of Changes for Document 1.2 Application Guide Rev. 013

Table 2.1 - Schedule of Changes for Document 1.2 Application Guide Rev. 013

Reference	Change	Reason for Change
General	Update to document revisions, see changes below.	The Application Guide has been updated to reflect updates to other documents.

## 2.2 Schedule of Changes for Document 3.1 Development Consent Order Rev. 6

Table 2.2 - Schedule of Changes for Document 3.1 Development Consent Order Rev.6

Reference	Change	Reason for Change
Throughout	Amendments to various articles and schedules	Amendments made in accordance with the <i>Applicant's Response to the Examining Authority's Proposed Schedule of Changes to the Draft Development Consent Order</i> (REP8-013)
Throughout	Correction of typos and cross referencing	Minor corrections to typos and cross referencing picked up on a final review of the draft DCO.

Article 2 and Schedule 14	Deletion of “commitments register”	Reference to the commitments register has been removed as is not referred to in the DCO other than as a certified document. There is no need for this document to be certified as the commitments in the register have been secured by requirements, as has been tested in Examination.
Article 8	Deletion of Art 8(3)(c) and (d)	Deletion of provisions disapplying Water Resources Act 1991 and Environmental Permitting (England and Wales) Regulations 2016 due to refusal of consent by the Environment Agency under section 150 of the Planning Act 2008.
Schedule 12, (former) Part 3	Deletion of Part 3	Provisions for the protection of the Environment Agency deleted in line with the deletion to Article 8(3).
Schedule 12, Part 3	Amendments to protective provisions	Amendments to provisions for the protection of National Grid Electricity Transmission PLC to reflect agreement with NGET.
Schedule 12, Part 4	Amendments to protective provisions	Amendments to provisions for the protection of National Grid Gas PLC to reflect agreement with NGG.
Schedule 12, Part 5	New protective provisions	Protective Provisions have been negotiated with Northern Powergrid (Yorkshire) Plc and Northern Powergrid Limited and are inserted into Part 5 of Schedule 12 of the draft DCO. The wording is agreed save that Northern Powergrid has requested that the easement for the alternative apparatus be a permanent easement (paragraph 51 of Part 5 of Schedule 12). The Applicant considers that the insertion of “permanent” before “easement” in paragraph 51 is unnecessary given it is not clear at this stage whether all easements to be provided for any alternative apparatus would be required to be permanent and, in any event, any easement must be provided to the reasonable satisfaction of Northern Powergrid. This means that the Applicant and Northern Powergrid need to agree the easement. The Applicant’s position is that the wording in paragraph 51 is satisfactory and the PPs adequately protect Northern Powergrid. Should the ExA, or the Secretary of

		State, disagree with the Applicant, then the ExA, or the Secretary of State, is free to insert “permanent” before “easement” in paragraph 51 of Part 5 of Schedule 12.
Schedule 14	Updates to certified plans and documents	Details of documents and plans to be certified has been updated to reflect final versions of documents.

## 2.3 Schedule of Changes for Document 3.2 Explanatory Memorandum Rev. 3

Table 2.3 - Schedule of Changes for Document 3.2 Explanatory Memorandum Rev. 3

Reference	Change	Reason for Change
Throughout	Amendments to explanatory text	Amendments have been made to the Explanatory Memorandum to reflect the final version of the draft DCO.

## 2.4 Schedule of Changes for Document 6.2.9.10 – Environmental Statement – Volume 2 – Appendix 9.10 Biodiversity Net Gain Assessment Rev. 004

Table 2.4 - Schedule of Changes for Document 6.2.9.10 – Environmental Statement – Volume 2 – Appendix 9.10 Biodiversity Net Gain Assessment Rev. 004

Reference	Change	Reason for Change
Section 1	Additional text to indicate change in version number and update to scope	Updated to reflect change in planting proposals and the amendments made since version 003.
Section 4	Additional text and update to BNG calculations	Section updated to reflect amendments to planting proposals within Development Parcel J.
Section 5	Update to BNG calculations	Section updated to reflect amendments to planting proposals.
Section 6	Update to conclusions	Updated to reflect latest calculations and commitment to net gain.

## 2.5 Schedule of Changes for Document 6.7 Outline Landscape and Biodiversity Strategy

Table 2.5 - Schedule of Changes for Document 6.7 Outline Landscape and Biodiversity Strategy Rev. 005

Reference	Change	Reason for Change
-----------	--------	-------------------

Section 1 and Appendix 5	Minor changes to additional measures in connection with Bingley Land	Further changes following discussions between the Applicant and the affected landowner.
Section 1	Reference to agreement between the Applicant and SDC over funding for a package of offsetting projects.	Further changes following discussions between the Applicant and SDC.
Section 1	Revisions to text to reflect amendments to requirement 8 of the draft DCO submitted for Deadline 7	Changes follow ExA's request to maximise biodiversity net gain.
Section 3	Updates to reflect the latest Biodiversity Net Gain Assessment	Updated to reflect latest calculations and commitment to net gain.
Appendix 3	Further text to line through with CEMP	Additional information relating to offset for field boundary likely to be protected under the Hedgerows Regulations Act 1997.

## 2.6 Schedule of Changes for Document 8.1.5 Statement of Common Ground between Drax Power Limited and the Environment Agency Rev. 004

Table 2.6- Schedule of Changes for Document 8.1.5 Statement of Common Ground between Drax Power Limited and the Environment Agency Rev. 004

Reference	Change	Reason for Change
Section 3.4.1	Removal of paragraph relating to the disapplication of specific requirements of the Environmental Permitting (England and Wales) Regulations 2016	The Applicant is no longer seeking to disapply these requirements.

## 2.7 Schedule of Changes for Document 8.1.6 Statement of Common Ground Between Drax Power Limited and Highways England Rev. 004

Table 2.7- Schedule of Changes for Document 8.1.6 Statement of Common Ground Between Drax Power Limited and Highways England Rev. 004

Reference	Change	Reason for Change
Section 3.1	Document agreement on AIL strategy	Highways England has now confirmed the proposed movement of AILs for the Proposed Scheme utilising the Port of Goole is acceptable having regard to the water preferred policy guidelines

## 2.8 Schedule of Changes for Document 8.4.12 Applicant's Response to North Yorkshire County Council's and Selby District Council's Position on Landscaping Rev. 002

Table 2.8- Schedule of Changes for Document 8.4.12 Applicant's Response to North Yorkshire County Council's and Selby District Council's Position on Landscaping Rev. 002

Reference	Change	Reason for Change
Throughout	Update to the agreement between the Applicant and SDC plus various minor amendments	The revisions reflect the agreement reached with SDC that the Applicant will fund a package of offsetting projects, and the Applicant's response to the landscape proposals submitted by NYCC at Deadline 8 (REP8-015).
