MAJOR CASEWORK

FAO Emma Cottam

Dear Ms Cottam

Proposed application by Thurrock Power Ltd for an Order Granting Development Consent for the Thurrock Flexible Generation Plant for the Secretary of State's opinion (a Scoping Opinion) as to the information to be provided in an Environmental Statement relating to the project.

I write in response to your letter dated 10th August 2018 concerning the consultation undertaken for the above project.

The Borough has assessed the matter under consideration i.e. the information required for an Environmental Statement in connection with the proposed development by Thurrock Power Limited and concluded that it has no comments to make in this regard.

The Council would like to register a request to continue to be consulted in the future as the DCO process progresses to allow the opportunity for further assessment and comment concerning the proposed development.

Yours sincerely

Mr R Lancaster
Head of Development Management
