

Chris Purvis

Thurrock Council

20025542

6 October 2020

I work for the host authority and will be taking the Local Impact Report to the planning committee on 26 November, if members agree with the report that is fine, but if further work is required i will only have a week to address this and this would also affect how the Statement of Common Ground is agreed between the Council and the Applicant, so the timeframe is quite tight until deadline 2.
