

Dear Sirs

EN010092: Thurrock Flexible Generation Plant Development Consent Order Application

Response to Request for Information dated 21 December 2021 on behalf of RWE Generation (UK) Plc

We are acting for RWE Generation (UK) Plc ("RWE") in relation to the application for Development Consent for the above project.

1. Update on the Status of Discussions to secure an agreement in relation to the Alternative AIL Access Route

1.1 RWE can confirm that negotiations in respect of the Alternative AIL Access Route have been successfully concluded and that an option agreement between RWE and the Applicant has been exchanged today.

1.2 The option agreement allows the Promoter to exercise an access easement over the relevant parts of RWE's land to allow the alternative AIL access route to be utilised as part of the Thurrock Flexible Generation Plant Project.

1.3 The option agreement further sets out that the Promoter will make an application for the amendment of the draft Development Consent Order to remove the powers and works from the DCO which are rendered unnecessary as a result of the option agreement.

2. Request for Amendments to be made to the Draft Development Consent Order

2.1 As stated above, in accordance with the option agreement, the Promoter has made an application for amendments to be made to the draft Development Consent Order to remove unnecessary powers and works.

2.2 RWE confirm that they have reviewed the change request and are in agreement with the contents.

Please do not hesitate to contact us if you require any further information or we can be of further assistance.

Yours faithfully

Eversheds Sutherland (International) LLP
