Dear Ewa

RIVERSIDE ENERGY PARK: SCOPING REPORT

Cory Environmental Holdings Limited (trading as Cory Riverside Energy) (the "**Applicant**") proposes to make an application for an order granting development consent in respect of the Riverside Energy Park Project (the "**Project**"). The Applicant proposes to provide an environmental statement in respect of the Project. Accordingly, please take this letter as notice of that intention under Regulation 8(1)(b) of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 (the "**EIA Regulations 2017**").

In addition, please accept this letter as a request for the Secretary of State to adopt a written Scoping Opinion under Regulation 10 of the EIA Regulations 2017. Enclosed is a Scoping Report to assist the Secretary of State in making that Opinion.

As required by Regulation 10(3) of the EIA Regulations 2017, the EIA Scoping Report includes the following:

- a plan sufficient to identify the land;
- a description of the proposed development, including its location and technical capacity;
- an explanation of the likely significant effects of the development on the environment; and
- such other information or representations provided by the Applicant.

In accordance with Regulation 10(6) of the EIA Regulations 2017, the Secretary of State has a statutory 42 days to adopt a Scoping Opinion. As such it is assumed that a Scoping Opinion would be available by 7 January 2017 (although as that is a Sunday, we assume the Opinion would be available by Friday 5 January 2017).

Yours sincerely //

Richard Wilkinson
Cory Environmental Holdings Limited
