Dear Sir/Madam,

Planning Act 2008 (as amended) –Section 55
Application by Cory Riverside Energy for an Order Granting Development Consent
for the Riverside Energy Park

Adequacy of consultation request

Thank you for your letter of 16th November 2018. I can confirm that in this Council's opinion the developer for the above application has consulted with the Council under section 42 of the Planning Act 2008. The developer submitted a draft SoCC for the Council comment on and in the Council's opinion adequate consultation of the community, in accordance with the agreed Statement, was carried out within the Borough of Dartford. The Council is also satisfied that adequate consultation was carried out under section 48 of the Act.

The Council is therefore satisfied that the developer has carried out adequate consultation on the proposal for Riverside Energy Park.

Yours sincerely,

Sonia Bunn
Development Manager
