Subject: Port of London Authority response (DC 837) EN010093: Riverside Energy Park: Non material Change

Dear Sir/Madam

Thank you for consulting the Port of London Authority (PLA) on the application for a non-material change to the Riverside Energy Park Development Consent Order, which are required to ensure consistency between the Order and the planning permission RRRF will operate under following approval of the ROP Application.

I have now had the opportunity to review the submitted documents and can confirm the PLA has no objection to the proposed amendment to the order.

Regards

Michael
