Dear Sir/ Madam

The Planning Act 2008 – Section 89 and The Infrastructure Planning (Examination Procedure) Rules 2010 – Rule 8 and 9

Application by Alternative Use Boston Projects Limited for an Order Granting Development Consent for the Boston Alternative Energy Facility project

Examination Timetable and procedure

This letter provides you with the Examination Timetable, details of the publication of the Examining Authority's (ExA) Written Questions and other important information about the Examination.

All documentation associated with this project, including a note of the Preliminary Meeting and the audio recording taken at that meeting, can be found using this link:

<https://infrastructure.planninginspectorate.gov.uk/projects/north-east/boston-alternative-energy-facility-baef/?ipcsection=docs>

The Examination Timetable

I have made a Procedural Decision about the way the application will be examined. The final Examination Timetable is attached at **Annex A**.

The Examination Timetable replaces the draft timetable that was included in the Rule 6 letter dated 17 August 2021 [[PD-005](#)]¹. In finalising the Examination Timetable, I have sought to accommodate requests and suggestions made at the Preliminary Meeting and in representations submitted in advance of that meeting.

In light of the representations received I have made the following changes to the draft Examination Timetable at Annex D of the Rule 6 letter [[PD-005](#)]:

¹ Your invitation to the Preliminary Meeting

Deadline 2

- Submission of the Applicant's Navigational Risk Assessment;
- Submission of the Applicant's draft in-principle habitats regulations derogation case;

The **Issue Specific Hearing on navigation and fishing matters** has been moved from 25 November 2021 to w/c 28 February 2022.

Deadline 3 has been moved from Thursday 2 December to Monday 6 December to allow more time to submit post-hearing submissions.

Deadline 4

- has been moved from Friday 10 December 2021 to Monday 13 December due to Deadline 3 having been moved;
- updated SoCGs have been removed;
- comments on draft in-principle habitats regulations derogation case have been added.

Deadline 6

- updated SoCGs have been removed

Please note that the Examination Timetable contains a number of deadlines for receipt of information by the Planning Inspectorate. All deadlines are at 23:59 on the date specified. Please ensure submissions arrive by the deadline. If you do not make your submissions by the dates specified in the timetable, I may disregard them.

I request that Interested Parties make their submissions through the electronic portal which is available on the project page of the National Infrastructure Planning website ('Make a submission' tab). Electronic attachments should be clearly labelled with the subject title and not exceed 12MB for each email. Providing links to websites where your submissions can be viewed is not acceptable. All submissions must be made in a format that can be viewed in full on the National Infrastructure Planning website. Any submissions that exceed 1500 words should also be accompanied by a summary; this summary should not exceed 10% of the original text.

If I consider it necessary to vary the Examination Timetable during the Examination, notification will only be sent to Interested Parties and Other Persons² invited to the Preliminary Meeting. The changes will be published on the Boston Alternative Energy Facility project page of the National Infrastructure Planning website.

Other Procedural Decisions

Annex B contains important details and clarifications about my other Procedural Decisions made at, or following, the Preliminary Meeting. These include:

- **Initial Assessment of Principal Issues;**
- **Examination Timetable;**

² Other Persons are persons that I chose to invite to the Preliminary Meeting, in addition to the prescribed persons listed in section 88(3) of the Planning Act 2008 – see 'Your status in the Examination and future notifications' below

- **Examining Authority’s Written Questions;**
- **Statements of Common Ground (SoCG);**
- **Local Impact Reports (LIRs); and**
- **Accompanied Site Inspection (ASI).**

Written Representations

All Interested Parties are now invited to submit Written Representations and any comments on the Relevant Representations already submitted. These should be submitted by **Deadline 1, 19 October 2021**, in the Examination Timetable (**Annex A**).

Written Representations can cover any relevant matter and are not restricted to the matters set out in my Initial Assessment of Principal Issues discussed at the Preliminary Meeting and included in my Rule 6 letter³. Nor are they restricted to the content of my Written Questions (see next heading, below).

Any person, other than the Applicant, who submits a Written Representation must identify those parts of the application with which they agree and those parts with which they do not agree, explaining the reasons why⁴. Interested Parties should also provide with their Written Representations “*the data, methodology and assumptions used to support their submissions*”⁵.

Further written submissions will be requested by the ExA at various points in the Examination.

Any Written Representations, and any further written submissions requested by the ExA in the course of the Examination which exceed 1500 words should also be accompanied by a summary which should not exceed 10% of the original text. The summary should set out the key facts of the written submission and must be representative of the submission made.

ExA’s Written Questions

I have compiled Written Questions (WQ) about the application and the representations received so far. These questions are published on the National Infrastructure Planning website and can be accessed through the following link:

<http://infrastructure.planninginspectorate.gov.uk/document/EN010095-000620>

Answers to my WQs must be provided by **Deadline 2, 11 November 2021** in the Examination Timetable (**Annex A**).

If you require a hard copy of my WQs, please contact the Case Team who will send you a copy.

Hearings

The Examination Timetable at **Annex A** includes periods of time reserved for any hearings to be held, and I will notify all Interested Parties of any hearings scheduled as part of the Examination at least 21 days in advance of them taking place. That notification will include an additional deadline for Interested Parties to inform the Planning Inspectorate if they wish to attend the notified hearing(s).

Annex C provides details about what Interested Parties should include in a request to be heard at a hearing, and the procedure that will be followed at hearings.

Accompanied Site Inspection

Information about the Accompanied Site Inspection, scheduled to take place on **17 November 2021**, is also contained in **Annex B**.

Award of costs

You should be aware of the possibility of the award of costs against parties who behave unreasonably.

To assist understanding of what 'unreasonable behaviour' means in the context of an Examination under the PA2008, you may find it helpful to read the government guidance 'Awards of costs: examinations of applications for development consent orders' (July 2013)⁶. It is in everyone's interest that information is brought forward as early as possible in the examination process so you are encouraged to do so.

Management of information

The Planning Inspectorate has a commitment to transparency. Therefore, all information submitted for this project (if accepted by the ExA) and a record of any advice which has been provided, is published at:

Publication dates

All information received will be published on the project page of the National Infrastructure Planning website as soon as practicable after each deadline for submissions.

Hearing agendas

We will aim to publish a draft agenda for each hearing on the project page of the National Infrastructure Planning website at least five working days in advance of

the hearing date. The actual agenda on the day of each hearing may be subject to change at the discretion of the ExA.

Report on the Implications for European Sites

Where the Applicant has provided a No Significant Effects Report or a Habitats Regulations Assessment (HRA) Report with the DCO application, the ExA may decide to issue a Report on the Implication for European Sites (RIES) during the Examination. The RIES is a factual account of the information and evidence provided to the ExA on HRA matters during the Examination up to the date of the publication of the RIES, for the purposes of enabling the Secretary of State, as competent authority, to undertake its HRA. It is not the ExA's opinion on HRA matters. Comments on the RIES will be invited by the ExA and any received will be taken into account as part of the ExA's Recommendation to the relevant Secretary of State.

The Secretary of State may rely on the consultation on the RIES to meet its obligations under Regulation 63(3) of the Habitats Regulations² and/ or Regulation 28 of the Offshore Marine Regulations.

² The Conservation of Habitats and Species Regulations 2017

Procedural Decisions made by the Examining Authority

I have made a number of Procedural Decisions following the Preliminary Meeting¹:

1. Initial Assessment of Principal Issues

I have paid careful attention to submissions about my Initial Assessment of Principal Issues (Annex C to the Rule 6 Letter of 17 August 2021). That assessment represents a snapshot in time, a non-exhaustive list of issues identified at the start of the pre-examination period. Additional important and relevant issues are likely to emerge during the Examination and all important and relevant issues will be examined. For these reasons I do not propose to amend or republish the initial assessment.

2. Examination Timetable

I received proposals from various bodies in representations and at the Preliminary Meeting that the examination should be deferred. Taking all these considerations into account, both individually and cumulatively, I concluded that on balance, the commencement of the examination should not be deferred or delayed. In response to those submissions my summary reasons for that decision are as follows:

- That the Applicant is taking on the consenting risk fully aware of the views of the statutory consultees, and in particular their views on the amount of time available in the examination;
- The Applicant has stated their consenting strategy and how they plan to proceed in knowledge of the risk to the final recommendation and decision, and indeed any later permit requirements if they don't pursue that now.
- To conclude this item, I have emphasised that where the Environmental Impact Regulations and the NPSs require certainty and feasibility regarding these matters there will be deadlines in the examination that the Applicant must meet to enable me to reach a conclusion.

In response to representations received I have made the following changes to the draft timetable issued with my Rule 6 letter, these are summarised below.

Deadline 2

- Submission of the Applicant's Navigational Risk Assessment;
- Submission of the Applicant's draft in-principle Habitats Regulations derogation case;

The **Issue Specific Hearing on navigation and fishing matters** has been moved from 25 November 2021 to w/c 28 February 2022.

Deadline 3 has been moved from Thursday 2 December to Monday 6 December to allow more time to submit post-hearing submissions.

Deadline 4

- has been moved from Friday 10 December 2021 to Monday 13 December due to deadline 3 having been moved;

¹ Section 89(1) of the Planning Act 2008

- updated SoCGs have been removed;
- comments on draft in-principle Habitats Regulations derogation case have been added.

Deadline 6

- updated SoCGs have been removed.

3. Examining Authority's Written Questions

<http://infrastructure.planninginspectorate.gov.uk/document/EN010095-000620>

Some of my Written Questions (WQ) are directed to specific Statutory Parties which have not, at the time of writing, confirmed that they wish to become Interested Parties for the purposes of the examination of the application.

All relevant Statutory Parties will receive this correspondence and I request for each to check my WQs carefully in order that they may identify and respond to any questions posed to them. No party should feel inhibited or restricted in responding to any question I ask, even if it is directed elsewhere.

For the avoidance of doubt, Statutory Parties are defined as the parties listed in Schedule 1 to The Infrastructure Planning (Interested Parties and Miscellaneous Prescribed Provisions) Regulations 2015².

4. Statements of Common Ground (SoCG)

The Applicant is taking the lead in the preparation of SoCGs and it will aid the smooth running of the Examination if all Interested Parties who are participating in the preparation of SoCGs liaise and co-operate with the Applicant in respect of their production. Final signed versions of the SoCGs listed below are requested to be submitted by **24 March 2022** (Deadline 8, **Annex A**).

1. Anglian Water
2. Boston Borough Council
3. The Boston and Fosdyke Fishing Society
4. Environment Agency
5. Historic England
6. Lincolnshire County Council
7. Marine Management Organisation
8. Natural England
9. Public Health England
10. Western Power Distribution plc
11. Port of Boston
12. Royal Society for the Protection of Birds
13. Lincolnshire Wildlife Trust

All of the SoCGs listed above should cover the Articles and Requirements in the draft DCO. Any Interested Party seeking for an Article or Requirement to be reworded should provide in the SoCG the form of words which are being sought.

² <https://infrastructure.planninginspectorate.gov.uk/legislation-and-advice/legislation/>

5. Local Impact Reports (LIRs)

A LIR is a report in writing giving details of the likely impact of a Proposed Development on a local authority's area (or any part of that area). For more information about the importance and content of LIRs see our Advice Note One: Local Impact Reports³.

Local authorities⁴ are invited to submit LIRs by 19 October 2021 (Deadline 1, **Annex A**).

6. Accompanied Site Inspection (ASI)

An ASI will be undertaken on 17 November 2021.

As requested in Annex E of my Rule 6 letter dated 17 August 2021, on 14 September 2021 the Applicant submitted to the Examination a draft itinerary for the ASI. The draft itinerary was published to the National Infrastructure Planning website and comments received at Procedural Deadline B. I have considered those comments and endeavoured to include them where possible in my draft ASI itinerary published with this letter.

I now invite comments from any Interested Party on the ExA's draft itinerary by Tuesday 19 October 2022 (Deadline 1, **Annex A**). Requests by Interested Parties to attend the ASI should be provided to the same deadline. As explained in my Rule 6 letter, the Interested Parties attending the ASI will include representatives of the Applicant, the council, together with other Interested Parties (or their representatives).

It may be necessary to limit the numbers of persons who accompany me for logistical and safety reasons, but it should be possible for arrangements to be made for Interested Parties (or their representatives) to join the inspection at specified locations within the itinerary. Please contact the Case Team if you wish to meet the inspection at a specific location within the itinerary, or at a new location, as proposed in your comments.

The final itinerary for the ASI will be published on the project page of the National Infrastructure Planning website on or before **10 November 2021**.

Interested Parties should be aware that **ASIs are not an opportunity to make any oral representations to the ExA about the Proposed Development**. However, I may invite participants to indicate specific features or sites of interest.

³ <https://infrastructure.planninginspectorate.gov.uk/legislation-and-advice/advice-notes/>

⁴ Defined in s56A of the Planning Act 2008

Requests to appear and procedure to be followed at hearings

The Examination Timetable reserves periods of time for hearings to be held.

At least one Issue Specific Hearing, dealing with the draft Development Consent Order will also be held.

Requests to appear at hearings

Interested Parties are required to notify the Examining Authority (ExA) in writing of their wish to take part in an Open Floor Hearing (OFH) or Compulsory Acquisition Hearing (CAH). I remind Interested Parties of the Procedural Decision issued with the Rule 6 letter requesting notification from Interested Parties in this regard on or before Tuesday 19 October 2021 (Deadline 1, **Annex A**).

If no written requests to take part in an OFH or CAH are received by the above deadline, I am not required to hold such a hearing; although I may choose to do so nonetheless.

I may also choose to hold Issue Specific Hearings (ISH) about topics that I think need to be explored orally.

The time, date and place of any confirmed hearing will be notified in writing to all Interested Parties, providing at least 21 days' notice.

If an Interested Party wishes to attend an OFH or ISH they should indicate which topics in their Relevant Representation or Written Representation they wish to address at the hearing. Similarly, any Affected Person wishing to attend a CAH should identify clearly the plots of land about which they wish to speak.

Notifications from Interested Parties in respect of the above should be sent separately from any other written submission, and appropriately titled to allow us to quickly identify which event the notification relates to.

Procedure at hearings

The procedure to be followed at hearings is set out in The Infrastructure Planning (Examination Procedure) Rules 2010¹. Any oral representations must be based on either the Relevant Representation or Written Representation made by the person by whom, or on whose behalf, the oral representations are made.

The ExA is responsible for the oral questioning of a person giving evidence and the process affords very limited scope to allow cross-questioning between parties². My examination will be principally undertaken through the exchange of written submissions, and we will decide whether a hearing on a particular issue or topic is necessary. This decision is not connected to how relevant or important I consider an issue or topic to be.

¹ Rule 14

² Rule 14(5)

Hearing agendas

I will aim to publish a draft agenda for each hearing on the project page of the National Infrastructure Planning website at least five working days in advance of the hearing date. The actual agenda on the day of each hearing may be subject to change at the discretion of the ExA.

Availability of representations and application documents

All application documents and representations submitted to the Examination are available to view on the project page on the National Infrastructure Planning website:

<https://infrastructure.planninginspectorate.gov.uk/projects/north-east/boston-alternative-energy-facility-baef/?ipcsection=docs>

For ease of navigation, we recommend that you use the Examination Library (EL) which is accessible via a blue button under the 'Documents' tab. The EL is updated regularly throughout the Examination.

The EL records:

- each application document;
- each representation accepted to be read in conjunction with the Examination; and
- each Procedural Decision made by the Examining Authority.

Each document is provided with a unique reference which will be fixed for the duration of the Examination. A hyperlink to each document on the National Infrastructure Planning website is provided. **Please use the unique reference numbers applied in the EL when referring to any Examination documents in representations that you make.**

Documents can also be viewed electronically at the following locations close to the application site, free of charge. If you have difficulty accessing any documentation please contact the Case Team using the details provided at the top of this letter.
