

**Registration of Attendance at the Accompanied Site
Investigation
for the
Royal Society for the Protection of Birds**

**Submitted for Deadline 1
19 October 2021**

Planning Act 2008 (as amended)

In the matter of:

**Application by Alternative Use Boston Projects Limited for an
Order Granting Development Consent for the
Boston Alternative Energy Facility**

**Planning Inspectorate Ref: EN010095
Registration Identification Ref: 20028367**

The RSPB has an interest in attending the Accompanied Site Investigation (ASI) on 17 November 2021 or in the week commencing 28 February 2022. This may include up to two members of staff. However, our attendance will be dependent on the RSPB's travel policy and the ability to meet at the main site rather than the Station Approach Car Park.

Our key interest will be the points of interest accessed from the Application site. We therefore request that we join the ASI at the main site for 10:15. Parking for up to two vehicles would be needed. We propose to view the points of interest around the main site and would leave the ASI after visiting the wharf site. We hope this would be possible.

Whilst we have no concerns with meeting with groups of people outside, we note one minibus is being used to transport attendees. We hope our proposal to join the ASI at the main site would be acceptable.
