Dear PINS BAEF and DESNZ teams

Thank you for consulting Anglian Water.

The issues raised – as far as they may relate to water resources and wastewater recycling - are currently in a draft position as part of Anglian Water's statutory plans. I am therefore currently unable to offer any further information on these matters, which would be a subject to further applications and future more detailed consideration through the existing Requirements as well as separate regulatory processes.

Darl Sweetland DMS, MRTPI

Spatial Planning Manager – Sustainable Growth
