Dear Sirs

Our Client: Air Products (BR) Limited
Registration Identification Number: 20022373

We refer to the Application and the Rule 6 letter received from you recently (and dated 10 July 2019).

As you are aware, we have submitted a summary Representation on behalf of our client and intend to submit further, more detailed, written representations in due course.

We have considered the contents of your Rule 6 letter with our client and, whilst our client will not attend the Preliminary Meeting and agrees the proposed directions, we do wish to make clear that (a) our client intends to submit detailed written representations in accordance with those directions and (b) considers that a compulsory acquisition hearing will be necessary to determine the compulsory acquisition elements of the Application.

As has been made clear in the summary Representation lodged on behalf of our client, the compulsory acquisition elements of the Application are of fundamental importance and potentially have a significant impact on the existing gas pipelines in the locality (some of which are used by our client and are vital to the local infrastructure and power stations). In our respectful submission, therefore, we consider that a hearing is necessary to fully hear and determine these vital issues.

In due course, our client will also attend and make oral submissions at any compulsory acquisition hearing that is listed (and reserves the right to attend other meetings and hearings as might be relevant).

We look forward to hearing the outcome of the Preliminary Meeting.

Yours faithfully

Richard Flenley | Senior Associate
for and on behalf of Charles Russell Speechlys LLP
