Dear Sir/Madam

Non-material amendment application, in respect of changes to Schedule 12, 'Design Parameters' of 'The Immingham Open Cycle Gas Turbine Order 2020' (S.I. 2020 No. 847)

The Environment Agency has been notified by DWD Property & Planning that VPI Immingham B Limited (the 'Applicant') has applied for a non-material change to the above-mentioned Order (the 'DCO') to the Secretary of State for Energy Security and Net Zero.

We have reviewed the supporting documents for this application. The Applicant has been granted an environmental permit for the operation of the proposed power station. The Environment Agency is satisfied that the changes within this amendment do not appear to affect the emission points for the operating permit. Accordingly, we have no objection to the application.

Should you require any additional information, or wish to discuss these matters further, please do not hesitate to contact me at the number below.

Yours faithfully

Annette Hewitson
Principal Planning Adviser
