2. The Order was made by the SoS for BEIS pursuant to Section 114 'Grant or refusal of development consent' of The Planning Act 2008 on 7 August 2020. The Order came into force on 1 September 2020.
3. The Order grants development consent, subject to certain provisions, for the 'Authorised Development' comprising the construction, operation and maintenance of an electricity generating station comprising an Open Cycle Gas Turbine ('OCGT') power station with a gross electrical output of up to 299 megawatts and associated development. The OCGT power station is known as the VPI 'B' Project. Summary of the Proposed Non-Material Changes

4. The Applicant is proposing non-material changes for:

 - the use an additional area of land on the existing VPI CHP Site to accommodate a minor deviation in the gas pipeline routing.

The non-material changes will include updates to the documents listed in Schedule 11 ('Documents and Plans to be Certified') of the Order, including revising the following: '4.2 – Land Plans' and '4.3 - Works Plans'.
