Hi Julian

Further to our earlier conversation, as the shapefile was only received on Wednesday we request that you do not submit your Scoping Report to us before Monday 15 October.

We prefer one report to publish to make it as accessible as possible. A volume of figures or appendices can be separate to the main text if necessary but we prefer the report to be combined as far as possible for ease of access to consultees. We advise on a 50MB limit for the website so it can be downloaded by consultees more easily, but this isn't a strict limit.

If the size of the report is a problem for email, submitting a pdf with low resolution figures is an option. We have also accepted reports submitted through drop boxes in the past.

I can confirm that we do require two paper copies of the scoping report.

Regards

Sian

Julian

I can confirm our initial scoping checks are complete and we will progress things now, adhering to the statutory timescale of 42 days.

I don't see a notification under Regulation 8(1)(b) in your previous emails/covering letter, could you please get this to us as soon as possible? Please do call if you need to discuss.

Regards

## Hornsea Project Four: Environmental Impact Assessment (EIA) Scoping Report

15 October 2018

Your ref. Hornsea Project Four  
Our ref. Hornsea Four EIA Scoping Report  
Doc. responsible JULCA

Dear Sir / Madam

Please find attached the Hornsea Project Four Offshore Wind Farm Scoping Report | (Hard Copies x 2 and USB x 2; each USB containing 1 x LOW RES version and 1 x Standard version).

The purpose of the Scoping Report is to request a formal Scoping Opinion from the Secretary of State in accordance with Regulation 10 of the 2017 EIA Regulations and to ensure a proportionate EIA.

The Applicant hereby gives notice, pursuant to Regulation 8(1)(b) of the 2017 EIA Regulations, that the application for a Development Consent Order will be accompanied by an Environmental Statement.

This Scoping Report is submitted to the Planning Inspectorate Monday 15<sup>th</sup> October 2018 and marks the commencement of the consultation period.

Should you have any queries, require shapefiles, additional copies or high-resolution charts please do not hesitate to contact us.

Yours sincerely  
Dr Julian Carolan
