Orsted Hornsea Project Four Limited
Development Consent Order (DCO) Application for Hornsea Project Four
Offshore Windfarm
Application Reference: EN010098

4 July 2022

Our ref. EN010098

Deadline 5a Submissions

Dear Mr Johansson

We are pleased to enclose the Applicants' responses to Deadline 5a.

A total of 24 documents have been submitted. Please note the Applicant has submitted a 'tracked' and a 'clean' version of each of the documents that are being resubmitted with updates unless stated below.

Please note that although we stated in our Deadline 5 submission that we would resubmit an updated 'Further Consideration of Lighting Requirements', in light of Natural England deeming the lighting requirements no longer an issue in the Risk and Issues log, we have not submitted this document at Deadline 5a.

We have also resubmitted 'B2.6 Compensation measures for FFC SPA Overview' with the correct reference on the cover page, the document had been submitted at Deadline 5 with the incorrect reference number. As it is just a correction on the front cover, we have not submitted a tracked version.

Additionally, the Applicant submitted G5.37 Applicant's comments on the Crown Estate's Deadline 5 submission into Examination on 28 June 2022 as an Additional Submission. At the request of the Examining Authority this has been resubmitted at Deadline 5a with no changes to align with their reporting requirements.

Applicant Document Reference	Document Title
Comments on any submissions received at Deadline 5	
G5.30	Applicant's comments on other submissions received at Deadline 5
G5.34	Applicant's Response to Natural England's additional guidance on apportioning of seabirds to FFC SPA for Hornsea Four
