1 Rule 17 Guide to the Application

1.1 Introduction

1.1.1.1 This document provides a guide to Orsted Hornsea Project Four Limited (hereafter the 'Applicant') Development Consent Order (DCO) application for the Hornsea Project Four Offshore Wind Farm (hereafter 'Hornsea Four'). It sets out which document version is the most up to date.

1.2 Master Document List

1.2.1.1 The master document list table is set out on the following pages and provides a full list of the documents submitted for Examination, indicating either the latest revision (if applicable) or when a new document was submitted.

1.2.1.2 For ease of navigation these documents are grouped by volumes as follows:

Volume	Volume Title	Details
1	Application Form	Provides details of the specific application information required by the Planning Inspectorate.
A1 -6	Environmental Statement (ES)	Contains the Introduction, Project Design and Policy Context, the Offshore and Onshore Environmental Assessments, Site Selection and Consideration of Alternative documents and supporting annexes (including Project Description annexes, Environmental Impact Assessment (EIA) Methodology annexes, Compensation EIA Methodology annexes and offshore and onshore annexes).
B1-2	Reports	Contains Consultation reports and annexes, the Report to Inform Appropriate Assessment (RIAA), Derogation reports and supporting documents.
C1	Development Consent Order (DCO) including the deemed marine licences.	Outlines the legal powers sought by the Applicant to construct and maintain the Project.
D1	Plans and Drawings	Contains the plans and drawings which show the location of the Project and the works proposed.
E1	Compulsory Acquisition	Provides details of the powers of compulsory acquisition that are sought.
F1-3	Additional Application Information	Contains additional documents produced and submitted by the Applicant in support of the application. This includes, general application information, protocols, plans and strategies and Statements of Common Ground/Joint Position Statements (which are joint position statements with key stakeholders to confirm those matters which are agreed and matters where no agreement has been reached).
G	Examination submissions	Documents submitted throughout Examination.

1.2.1.3 The table below identifies the documents produced for DCO submission by the Applicant. The table identifies the Application Reference, The Examination Library Reference, Submission Date, Revision of the document and when it was submitted. The green colour coding indicates that a document is the most recent version, and the amber colour coding indicates that the document has been superseded by a later version. Please see the key below.

Description	Colour code
The most recent revision submitted	
The document has been superseded
