Please note that owing to current circumstances relating to Covid-19 there will inevitably be disruption to the day to day running of the Planning Service and this will include the processing of planning and building regulation applications and other work areas. Officers are still working remotely and have full access to emails but may be required to assist other essential Council services during this challenging time. We are confident our contingency plans enable us to operate effectively, but we may need to make difficult choices in relation to other priorities if required. Public safety and Dangerous Structures remains the priority of our Building Control Team and the normal reporting procedures in this regard should continue to be followed. Thank you for your understanding.
