Subject: Application by INRG Solar Limited for an Order Granting Development Consent for Little Crow Solar Park Project

Dear Sirs,

I refer to your notification below which has been passed to me for attention.

APPLICATION BY INRG SOLAR LIMITED FOR AN ORDER GRANTING DEVELOPMENT CONSENT FOR THE LITTLE CROW SOLAR PARK PROJECT

Northern Powergrid are a statutory utility and we must at all times look to protect our assets to ensure our obligations to maintain electrical supplies are not put at jeopardy or compromised. With this in mind and as a Company standard procedure I write to formally object to any proposals that may impact our infrastructure.

This is also as a safeguard to encourage consultation between INRG Solar Limited and ourselves to discuss the implications that the schemes may have and how this could affect our apparatus. In this can I please

suggest that you contact [REDACTED], Design Team Manager, to open up discussions. [REDACTED] is available at [REDACTED]@northernpowergrid.com and is based in our Castleford office (98 Aketon Road, Castleford, WF10 5DS).

As far as the formal objection is concerned this will stand until such time as I receive your written undertaking that Network Rail will be responsible for all of our associated costs of any diversion of our apparatus, plant and or equipment that may be required as a result of the project.

Thanks,
