Schedule 2 Part 1 Requirement 9	Requirement 9.(2)(c) is amended to add additional clarity in relation to the condition survey following the comments of the Council in its Local Impact Report.	9. (2)(c) a condition survey of any road which will be affected by that phase of authorised development <u>and a further condition survey following that phase of the construction works and in the event that any defects are identified in that condition survey that are directly attributable to that phase of the construction works of the authorised development, details of how those defects are to be remediated by the undertaker.</u>

<p>Schedule 2 Part 1 Requirement 13</p>	<p>Requirement 13 (2) is amended to ensure the use of piled mounting frames is prohibited within the “no-dig zone”.</p> <p>The term ‘watching brief’ has been amended to ‘programme of archaeological investigation’ following the request in the Council’s Local Impact Report (see para 7.28, PINS Reference REP2-026). This better clarifies what will be undertaken.</p> <p>Subparagraph (7) has been added to the dDCO to secure the provision of two interpretative boards for the lifetime of the development following the Council’s request but the wording proposed by the Council has been amended to increase clarity.</p>	<p>13. Archaeology</p> <p>—(1) ...</p> <p>(2) No digging <u>or use of piled mounting frames</u> shall be undertaken within the archaeological “no-dig” zone identified on the Works Details – Key B2 - Sheet 5 of 7 (document reference 2.15 LC DRW).</p> <p>(3)...</p> <p>(4) The scheme approved under sub-paragraph (3) must identify any areas where a <u>programme of archaeological investigation</u> watching brief is required and the measures to be taken to protect, record or preserve any significant archaeological remains that may be found.</p> <p>(5) Any archaeological works or <u>programme of archaeological investigation</u> watching brief carried out under the approved scheme must be carried out by an organisation registered with the Chartered Institute for Archaeologists or by a member of that Institute.</p> <p>(6) Any archaeological works or <u>programme of archaeological investigation</u> watching brief must be carried out in accordance with the approved scheme.</p> <p><u>(7) Within six months of the commencement of the authorised development the undertaker shall submit a scheme to the local planning authority detailing proposals for two interpretation boards explaining the significance of Gokewell Priory. The scheme shall include details of the proposed location, size, materials, content, means of fixing</u></p>
---	--	---

		<p>and maintenance of the proposed boards. The scheme shall be implemented as approved within six months following the completion of the authorised development or six months following the approval of the scheme whichever is the later.</p>
Schedule 2 Part 1 Requirement 15	A new requirement has been added at 15. This follows the noise requirement for The Cleve Hill Solar Park Order 2020 and ensures that the local planning authority will be able to approve any plant required for the authorised development and that the impact of any noise the plant makes will be considered in terms of residential amenity.	<p>Operational noise</p> <p>15.—(1) No phase of the authorised development may commence until an operational noise assessment containing details of how the design of the authorised development has incorporated mitigation to ensure the operational noise rating levels as set out in the environmental statement are to be complied with for that phase has been submitted to and approved by the local planning authority.</p> <p>(2) The design as described in the operational noise assessment must be implemented as approved.</p>
Schedule 2 Part 1 Requirement 15 - 21	As a result of the addition of requirement 15 above the subsequent amendments are necessary as shown.	<p>165.</p> <p>176.</p> <p>187.</p> <p>198.</p> <p>2019—(1)...</p>

		<p>(a) the day immediately following that on which the application is received by the discharging authority; or</p> <p>(b) where further information is requested under paragraph 21 the day immediately following that on which the further information has been supplied</p> <p>Further information regarding requirements</p> <p>21—(1) In relation to any application referred to in paragraph 20, the discharging authority may request such further information from the undertaker as it considers necessary to enable it to consider the application.</p> <p>Appeals</p> <p>22—(1) ...</p> <p>(a) the discharging authority refuses an application for any consent, agreement or approval required by—</p> <p>(i) a requirement contained in Part 2 of this Schedule; or</p> <p>(ii) a document referred to in any requirement contained in Part 2 of this Schedule;</p> <p>(b) the discharging authority does not determine such an application within the time period set out in paragraph 20(1), or grants it subject to conditions;</p> <p>(c) ...</p>
--	--	---

		<p>(d) on receipt of a request for further information pursuant to paragraph 210 of this Part of this Schedule, the applicant considers that either the whole or part of the specified information requested by the discharging authority is not necessary for consideration of the application;</p> <p>(e) ...</p> <p>(2)The appeal process is as follows—</p> <p>(a) any appeal by the applicant must be made within 42 days of the date of the notice of the decision or determination, or (where no determination has been made) the expiry of the time period set out in paragraph 2019(1), giving rise to the appeal referred to in sub-paragraph (1);</p>

<p>Article 2 Definition: change “outline decommissioning plan” to “outline decommissioning strategy”</p> <p>Addition of new definition</p>	<p>This is amended to correct an inconsistency and to avoid any confusion as to the document being referred to. Consequential changes will be made to reflect this in other documentation.</p> <p>“outline soil management plan” is now defined</p>	<p>Definition changes as follows outline decommissioning Plan strategy</p> <p>“outline soil management plan” means the document certified by the Secretary of State as the outline soil management plan for the purposes of this Order in accordance with article 14;</p>
Article 6	Introduction of 6(2) to ensure that development carried out pursuant to a planning permission following implementation of the DCO would not be in breach of the DCO, ensuring no risk of criminal liability pursuant to section 161 of the 2008 Act. The paragraph encompasses any development authorised by a general development order as well as an express planning permission	<p>6. Disapplication, application and modification of legislative provisions</p> <p>6(2) Any development, or any part of a development within the Order limits which is constructed or used under the authority of a planning permission pursuant to Part 3 of the 1990 Act (whether express or otherwise) following the coming into force of this Order is to be disregarded at all times for the purposes of ascertaining whether or not an offence has been committed under the provisions of sections 160 (development without development consent) and 161 (breach of terms of order granting development consent) of the 2008 Act</p>

<p>Article 7 Defence to Proceedings in respect of statutory nuisance</p>	<p>It has been noted that s65 Control of pollution Act 1974 has been repealed by the Deregulation Act 2015 c.20</p>	<p>7(1) (a) (i) relates to premises used by the undertaker for the purposes of or in connection with the construction or maintenance of the authorised development and that the nuisance is attributable to the carrying out of the authorised development in accordance with a notice served under section 60 (control of noise on construction sites), or a consent given under section 61 (prior consent for work on construction sites) or section 65 (noise exceeding registered level), of the Control of Pollution Act 1974(1); or</p>
<p>Article 8 Temporary stopping up and diversion of public footpath</p>	<p>It was noted during ISH1 that stopping up cannot be temporary.</p>	<p>Temporary closure stopping up and diversion of public footpath</p> <p>8 (1) The undertaker may, during the construction and decommissioning of the authorised development, temporarily close stop up public footpath 214 as specified in column (2) of Schedule 3 (public footpath to be temporarily closed stopped up and diverted) to the extent specified in column (4) of Schedule 3, and must provide the temporary substitute footpath specified in column (5) of Schedule 3 for the period during which the footpath is temporarily closed stopped up.</p>
<p>Article 14 - addition of outline soil management plan (environmental statement technical appendix 7.11 LC TA4.4);</p>	<p>This document needs to be inserted into requirement 8(2) so that it is secured as part of the CEMP. This means it needs to be a certified document as specified in article 14.</p>	<p>Article 14 addition at (i) of outline soil management plan (environmental statement technical appendix 7.11 LC TA 4.4); re-lettering of (i) (j) (j) (k), (k) (l), (l) (m) and (m) (n)</p>

Article/Schedule	Comments/Explanation	Amendment
Schedule 2 Part 1 Requirement 3 (1)	Requirement 3 stated that the development consent will expire 35 years after first export date. This is not consistent with the requirements set out for decommissioning of the scheme as set out in the Outline Decommissioning Strategy [APP-078/7.9 LC TA4.2]. This has therefore been amended.	Schedule 2 Part 1 Requirement _3 (1) The authorised development must cease generating electricity on a commercial basis no later than the consent granted by this Order will expire 35th anniversary of years after the first export date from Work No.1.
Schedule 2 Part 1 Requirement 4 (1)	Requirement 4(1) required a decommissioning and site restoration scheme to be submitted to and approved by the local planning authority within 12 months of the expiry of development consent. In line with the change at requirement 3, and also to ensure consistency with the Environmental Statement this time limit has been amended. 4(2) is amended to clarify that the decision to retain the substation is for _ the substation operator	Schedule 2 Part 1 Requirement _4 (1) Not less than 6 months 12 months before the 35th anniversary of the first export date expiry of the development consent granted by this Order , a decommissioning and site restoration scheme must be submitted ... 4(2) (a) removal of all above-ground elements of the relevant part of the authorised development (with the exception of the access tracks (Work No.5) unless otherwise agreed with the landowner and the substation (Work No. 4) where its retention is required by unless otherwise agreed with the substation operator);
Schedule 2 Part 1 Requirement 6 /10 – review for duplication	Requirement 6 relates to the phasing of the authorised development and 6(1) (j) and (k) refer to tree and hedgerow protection measures and new planting respectively. These are also covered by the LEMP which is secured by requirement 10. 10(2)(b) specifically refers to habitat creation and native hedgerow planting. These have therefore been deleted from requirement 6.	6(1) No phase of the authorised development may be commenced until ... (i) fencing; (j) tree and hedgerow protection measure; (k) new planting; and (j) security measures.
Schedule 2 Part 1 Requirement 7	This requirement has been amended to run chronologically and to clarify that additional consultation may be required if the outline BSMP is updated.
