BY RECORDED DELIVERY

Dear Sir/Madam

Little Crow Solar Park, east of British Steel Works, Scunthorpe
Statutory Consultation on a Proposed Application for Development Consent Order
Section 42 Planning Act 2008
Public Consultation closing on Monday 4 March 2019

Pegasus Group are working as planning consultants for INRG Solar (Little Crow) Ltd ('the Applicant') who intend to submit an application, under Section 37 of the Planning Act 2008, for a Development Consent Order ('DCO') to the Secretary of State for Department for Business, Energy & Industrial Strategy. The application will relate to the construction, operation, maintenance and decommissioning of the Little Crow Solar Park ('the development'), a renewable led energy scheme on land to the east of the British Steel Works, Scunthorpe.

Before the application can be submitted, the Applicant must consult with a variety of persons in accordance with the requirements of the Planning Act 2008 and related regulations. You have been identified as a statutory consultee for the purposes of Section 42 (1) of the Planning Act 2008 and/or Regulation 13 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. In addition, letters have been issued to all other persons identified to date to be consulted.

Information on how you can provide your comments is provided below in this letter. We are also required to provide you with a copy of the Preliminary Environmental Information Report and this is electronically provided on the enclosed USB stick. The PEIR encloses an early working skeleton draft of the Development Consent Order to show the structure the order is likely to follow and to provide an indication of the powers to be sought and the works these will permit. Requirements will be added following discussions with interested parties.

In accordance with the Planning Act 2008 and the above Regulations, please find enclosed:

- (i) A copy of the notice which the Applicant has published under Section 48 of the Planning Act 2008 to publicise the application.
- (ii) A branded USB stick containing:
 - a. Preliminary Environmental Information Report & technical appendices;
