

Dear Mr Wheadon

I represent Anglo American (20029897) and am responding to your letter of 7 August inviting responses to the Applicant's further information submitted on 4 August 2023.

Please note that the information in Appendix 5A Cumulative Impact Assessment – Updated Long List with respect to my clients DCO implementation at Bran Sands (ID2 in the table) is out of date.

In that table it is stated that my clients DCO has been consented but constructed not yet started. I am writing to advise that construction pursuant to the York Potash Harbour Facilities Order 2016 has now commenced, as confirmed the attached letter from Redcar and Cleveland Borough Council dated 24 July 2023.

Please note that my clients are not asserting that this causes any deficiency in the CIA – they simply wished the statement with regard to the status of the DCO to be corrected.

Kind regards

Morag
