

In response to your letter dated 7 August 2023 regarding,

**Secretary of State Consultation
Planning Act 2008 and Infrastructure Planning (Examination Procedure) Rules 2010
Application by Net Zero Teesside Power Limited and Net Zero North Sea Storage Limited for an
order granting development consent for the Net Zero Teesside Power Project (“the Proposed
Development”)**

Following a review of the documentation, we note that several work locations / land access / potential compulsory purchase options are in close proximity to Norsesea’s existing easement for a 6” propane pipeline and 66kV electricity supply cables.

We kindly request that we are kept informed on timings and consulted for any works which could potentially impact Norsesea’s existing easement and/or access to the Norsesea terminal.
