Department for Energy, Security & Net Zero
1 Victoria Street
London
SW1H 0ET

Dear Sirs

REPRESENTATION FOR THE APPLICATION FOR DEVELOPMENT CONSENT BY NET ZERO TEESSIDE POWER LIMITED “NZE POWER” AND NET ZERO NORTH SEA STORAGE LIMITED “NZNS STORAGE” FOR THE NET ZERO TEESSIDE PROJECT – APPLICATION NUMBER EN010103

We act as agents and surveyors for NPL Waste Management Limited, who are affected by the above referred to Development Consent Order (“DCO”) Application.

I write further to our letters in 2022 and our letter dated 14th August 2023.

NPL Waste Management Limited have been approached again by the Net Zero Teeside Project (“DCO Applicant”) to inform them that currently they do not wish to proceed with the proposed pipeline route on their property at this current time.

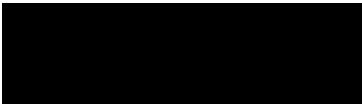

We would therefore be grateful to receive clarity on this and confirmation that you will ensure that my client’s land will not be pursued for this project and nor compulsory rights pursued over it by the DCO Applicant.

For the avoidance of doubt, I detail below the plot numbers that affect my client’s property for this project.

Plot 1,3,4,5,6,8,10,12,14,15,16,17 and 18 – All mineral rights save for Plot 4, a right to lay a pipeline.

Thanking you in anticipation.

**Yours sincerely
for Fisher German Priestner Limited**

**Miss K Claire Priestner BSc(Hons) MRICS FAAV
Managing Director**
