NET ZERO TEESSIDE PROJECT

THE PLANNING ACT 2008 AND THE INFRASTRUCTURE PLANNING (ENVIRONMENTAL IMPACT ASSESSMENT) REGULATIONS 2017

NOTICE OF A DECISION ON AN APPLICATION FOR AN ORDER GRANTING DEVELOPMENT CONSENT FOR EIA DEVELOPMENT

The Secretary of State for Energy Security and Net Zero (“the Secretary of State”) gives notice under regulation 31(2) of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 that a determination has been made on an application made by Net Zero Teesside Power Limited and Net Zero North Sea Storage Limited (“the Applicants”) for development consent under the Planning Act 2008 (“the 2008 Act”) for development that constitutes “Environmental Impact Assessment development” as defined in the 2017 Regulations.

The application is for the onshore elements of a full chain Carbon Capture, Usage and Storage project comprising a number of elements including a new gas-fired electricity generating station (with an electrical output of up to 860 megawatts) with post combustion carbon capture plant; gas, electricity and water connections (for the electricity generating station); a carbon dioxide (CO₂) pipeline network (a ‘gathering network’) for gathering CO₂ from a cluster of local industries on Teesside; a high pressure CO₂ compressor station and a CO₂ export pipeline.

The Secretary of State has decided, following consideration of the report of the Examining Authority who conducted an examination into the application, that development consent should be granted for the proposed development.

The statement of reasons for deciding to make an Order granting development consent, which has been prepared by the Secretary of State under section 116 of the 2008 Act and regulation 31(2) of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017, containing the content of the decision, the requirements imposed in connection with the development, the main reasons and considerations on which the decision is based including relevant information about the participation of the public, a description of the main features to avoid, reduce and offset any major adverse effects of the development, is published on the Planning Inspectorate’s website:
