---------------------------------	---

1 Introduction

1.1 Purpose of this document

- 1.1.1 This document provides a guide (Guide) to Sunnica Limited's (the Applicant) application for a Development Consent Order (DCO) for Sunnica Energy Farm made to the Secretary of State for Business, Energy and Industrial Strategy (the Secretary of State) pursuant to the Planning Act 2008 (PA 2008).
- 1.1.2 The Applicant is seeking a DCO for the construction, operation (including maintenance), and decommissioning of ground mounted solar photovoltaic (PV) panel arrays, a Battery Energy Storage System (BESS) and supporting infrastructure (the Scheme). The Application is required because the Scheme is classified as a Nationally Significant Infrastructure Project (NSIP) under the PA 2008.
- 1.1.3 This Guide aims to help the Examining Authority (ExA) and interested parties understand the DCO Application through signposting to the documents that make up the Application.
- 1.1.4 Regulation 5 of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (as amended) (APFP Regulations) sets out the documents that all DCO applications must include. It also provides at Regulation 5(2)(q) for the submission of *“any other documents considered necessary to support the application”* as well as at Regulation 5(2)(o) for *“any other plans, drawings and sections necessary to describe the proposals.”*
- 1.1.5 Regulation 6 of the APFP Regulations sets out the specific documentation required in support of DCO applications for particular types of development, including generating stations and grid connections.
- 1.1.6 The Scheme constitutes Environmental Impact Assessment (EIA) development and, therefore, the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 (the EIA Regulations) and requirements contained therein apply.
- 1.1.7 This Guide provides an overview of the documents that have been submitted in order to satisfy the APFP Regulations, the EIA Regulations and section 37 of the PA 2008.

1.2 The Applicant

- 1.2.1 The Applicant is Sunnica Ltd which is a joint venture between Tribus Energy and PS Renewables, two established solar energy companies. More information on the Applicant is contained in the Funding Statement, a document submitted to support the Application and referred to below together with its reference number.
- 1.2.2 On 11 November 2020, Ofgem granted the Applicant a licence to generate electricity under section 6(1)(a) of the Electricity Act 1989. As such, the Applicant is a statutory undertaker.

2 The Scheme

2.1 Scheme Description

- 2.1.1 Sunnica Energy Farm (the Scheme) is a new solar energy farm proposal that will deliver electricity to the national electricity transmission network. Sunnica Limited is proposing to install ground mounted solar photovoltaic (PV) panel arrays to generate electrical energy from the sun and combine these with a Battery Energy Storage System (BESS) which will connect to Burwell National Grid Substation in Cambridgeshire.
- 2.1.2 Electricity will be generated at Sunnica East Site A, near Isleham in Cambridgeshire; Sunnica East Site B, near Worlington and Freckenham in Suffolk; Sunnica West Site A near Chippenham and Kennett in Cambridgeshire; and Sunnica West Site B, near Snailwell in Cambridgeshire. All locations will comprise ground mounted solar PV panel arrays, supporting electrical infrastructure and, with the exception of Sunnica West Site B, a BESS.
- 2.1.3 Supporting electrical infrastructure will include on-site substations on Sunnica East Site A and Sunnica East Site B and Sunnica West Site A, and on-site cabling between the different electrical elements across the Scheme. The generating equipment of the Scheme will be fenced and protected via security measures such as Closed Circuit Television (CCTV). Inside the fenced areas, in addition to the generating equipment will be, internal access tracks, and drainage. It is not proposed for any area to be continuously lit.
- 2.1.4 Visual, ecological and archaeological mitigation is proposed which includes proposed grassland planting and new woodland; retention of existing woodland, wetlands and other vegetation; provision of replacement habitat; and offsetting areas, where there will be no development. The BESSs will consist of a compound and battery array to allow for the importation, storage and exportation of energy to the National Grid. There will also be areas at Sunnica East Site A and Sunnica East Site B for office and storage facilities for use during the Scheme's operation.
- 2.1.5 The Scheme will be connected to a new substation extension at the existing Burwell National Grid Substation, using 132 kilovolt (kV) cables buried underground. The cables will run between Sunnica East Site A, Sunnica East Site B and Sunnica West Site A (Grid Connection Route A), and then from Sunnica West Site A to Sunnica West B and onwards to the Burwell National Grid Substation (Grid Connection Route B). The Burwell National Grid Substation Extension will convert the 132kV to 400kV. The 400kV cables will be buried and will connect the Scheme to the existing Burwell National Grid Substation to allow distribution to the national transmission network.
- 2.1.6 The Scheme will have two main access points, one north of Elms Road at Sunnica East Site B and one south of La Hogue Road at Sunnica West Site A. The main access route to Sunnica West Site A will be via the Chippenham junction of the A11, to the north of junction 38 of the A14. Sunnica East Site B will be accessed via the A11 and B1085. A number of secondary access points are proposed to access the individual land parcels through construction, operation, and decommissioning phases.

- 2.1.7 The Scheme is defined as a Nationally Significant Infrastructure Project (NSIP) and will require a Development Consent Order (DCO) from the Secretary of State for Business, Energy and Industrial Strategy (Secretary of State), due to its generating capacity exceeding 50 megawatts (MW).
- 2.1.8 The overarching objective of the Scheme is to generate low-carbon renewable energy and ensure security of supply, for an operational period of 40 years, to address the urgent need to decarbonise the UK's energy supply. The details of the need for the Scheme are presented in the **Statement of Need [EN010106/APP/7.1]**.
- 2.1.9 A full description of the Scheme is contained within **Chapter 3** of the Environmental Statement **[EN010106/APP/6.1]** and the **Design and Access Statement [EN010106/APP/7.3]**.

2.2 The Order Limits

- 2.2.1 The Order limits are shown on the **Location Plan [EN010106/APP/2.5]** and **Land and Crown Land Plans [EN010106/APP/2.1]** and **Works Plans [EN010106/APP/2.2]** which accompany the Application. This indicates the maximum area of land required for the construction, operation (including maintenance), and decommissioning of the Scheme.
- 2.2.2 The Scheme is located within the administrative areas of Cambridgeshire County Council; Suffolk County Council; East Cambridgeshire District Council; and West Suffolk Council.
- 2.2.3 The Solar PV is located across four sites:
- a. Sunnica East Site A which is located approximately, 0.5 kilometres (km) south-east of the village of Isleham; 0.6km south-west of the village of West Row; and 3.5 km east of the town of Mildenhall;
 - b. Sunnica East Site B which is located immediately south of the village of Worlington; approximately 1km east of the village of Freckenham and 1.5km south-east of the town of Mildenhall;
 - c. Sunnica West Site A which is located immediately north of the A14 at Newmarket and approximately 0.3km east of the village of Snailwell; 1km south of the village of Chippenham; and 1km west of the village of Kennett; and
 - d. Sunnica West Site B which is approximately 0.5km north of the village of Snailwell; 1.4km south of the village of Fordham and 2km south west of the village of Chippenham.
- 2.2.4 The Order limits also include the existing Burwell National Grid Substation, as well as the land for the two options for the Burwell National Grid Substation Extension. The electrical infrastructure will run between Sunnica East Site A, Sunnica East Site B and Sunnica West Site A (Grid Connection Route A), and then from Sunnica West Site A, Sunnica West Site B to the Burwell National Grid Substation (Grid Connection Route B).

3 Overview of the Application Documentation

3.1 Overview

- 3.1.1 The documents submitted as part of the DCO Application have been grouped into volumes as detailed in Table 3-1 below to accord with the Planning Inspectorate's (PINS) Advice Note Six: Preparation and submission of application documents (version 10) published in September 2021.

Table 3-1 Document Volumes

Volume	Context
1. Application Form	Contains the completed application form, the Application cover letter, this Guide, and the section 55 checklist completed by the Applicant demonstrating the Application can be accepted pursuant to section 55 of the PA 2008.
2. Plans / drawings / sections	Contains relevant plans for the Scheme, as required by the APFP Regulations.
3. Draft Development Consent Order and related documents	Contains the draft Statutory Instrument containing the legal powers the Applicant is seeking, together with separate documents explaining the provisions of the DCO and how other required consents will be obtained.
4. Compulsory Acquisition Information	Provides evidence for why legal powers of compulsory acquisition are sought, as well as information on how the Scheme is to be funded and details of the land interests that are required for the Scheme.
5. Reports/Statements	Contains the consultation report and its supporting appendices relating to the pre-application consultation undertaken on the Scheme and how consultation feedback has been taken into account.
6. Environmental Impact Assessment and other assessments	Provides environmental information and an assessment of the likely significant effects of the Scheme, as well as a description of proposed mitigation measures.
7. Other Documents	Contains additional documents pertaining to the Scheme, required by the APFP Regulations Regulation 6 and considered by the Applicant to be required to support the application in accordance with APFP Regulations, Regulation 5(2)(q).

- 3.1.2 Sections 4 to 10 of this Guide provide a summary of the purpose of the documents and plans included in each volume and Appendix A provides a document schedule. The latter is a live part of this document and will be updated during the subsequent stages of the application process.
- 3.1.3 A copy of the application documents will be available on the PINS website upon acceptance of the application.

3.2 Document Reference Numbering

- 3.2.1 Documents are numbered in sequence within the respective volumes (as outlined in Appendix A of this Guide), with the volume number being the first digit of a document number. This is followed, where relevant, by the document number, the Chapter and/or Appendix number if these are standalone documents. For

example, documents within 'Volume 1, Application Form' are numbered 1.1, 1.2, 1.3 etc.

4 Volume 1: Application form

- 4.1.1 The **Covering Letter [EN010106/APP/1.1]** has been prepared by the Applicant and provides a brief overview of the Scheme, its location, and an introduction to the DCO Application.
- 4.1.2 The purpose of the **Guide to the Application [EN010106/APP/1.2]** is referred to in section 1.1 above.
- 4.1.3 The **Application Form [EN010106/APP/1.3]** is the standard application form required by Section 37(3)(b) of the PA 2008 to be submitted with the application and provides a high level summary of the Scheme and the documents that have been submitted for the Applicant's DCO Application.
- 4.1.4 The **Section 55 Checklist [EN010106/APP/1.4]** is provided as a schedule of compliance to evidence how the Application fulfils the conditions for acceptance required by the Planning Inspectorate to accord with section 55 of the PA 2008.
- 4.1.5 The **Electronic Application Index [EN010106/APP/1.5]** is the list of electronic file names, document reference numbers and regulation numbers for all documents provided in each volume submitted with the Application.

5 Volume 2: Plans

- 5.1.1 There are seven sets of plans provided to meet the regulatory requirements and a Location Plan [EN010106/APP/2.5]. In accordance with Regulation 5(4) of the APFP Regulations, where there are three or more separate drawing sheets, a key plan is provided to enable the reader to understand the relationship between the different sheets.
- 5.1.2 The **Land and Crown Land Plans [EN010106/APP/2.1]** correspond to the **Book of Reference [EN010106/APP/4.1]** provided in Volume 4 and illustrate the land required for, or affected, by the Scheme. This includes:
- land over which it is proposed to exercise powers of compulsory acquisition or any right to use land;
 - land in relation which it is proposed to extinguish easements, servitudes and other private rights; and
 - land over which temporary possession is sought; and
 - land in the ownership of the Crown.
- 5.1.3 The **Works Plans [EN010106/APP/2.2]** illustrate the proposed location of the Scheme and the limits of deviation within which the development and works may be carried out. The areas on the Works Plans are numbered, and these correspond to the numbered works set out in Schedule 1 of the draft DCO [EN010106/APP/3.1] which are proposed to be authorised by the DCO.
- 5.1.4 The **Access and Rights of Way Plans [EN010106/APP/2.3]** illustrate any new or altered means of access, stopping up of streets or roads and any diversions and the extinguishment of Public Rights of Way (PRoW).
- 5.1.5 The **Traffic Regulation Measures Plans [EN010106/APP/2.4] (two sets: road closures, temporary measures)** show details of speed changes, temporary traffic signals, temporary prohibitions, and temporary road closures and PRoW closures required for the Scheme.
- 5.1.6 The **Location Plan [EN010106/APP/2.5]** identifies the location of the Scheme in its wider geographical context.
- 5.1.7 Plans illustrating the statutory and non-statutory sites or features of nature conservation including sites of landscape importance; habitats of protected species and important habitats likely to be affected by the Scheme [EN010106/APP/2.6] and plans illustrating water bodies in a river basin management plan likely to be affected by the Scheme [EN010106/APP/2.7] are provided as required by APFP Regulations regulation 5(2)(l). Sites of geological importance have not been identified and have therefore not been shown on any plans. Supporting assessments of the effects of the Scheme on these sites and features required by this regulation are presented in **Chapter 8: Ecology; Chapter 9 Water Environment; and in Chapter 10: Landscape and visual of the Environmental Statement [EN010106/APP/6.1]** and survey and baseline reports provided in the **Environmental Statement [EN010106/APP/6.2]**.

- 5.1.8 Plans illustrating the statutory and non-statutory sites or features of the historic environment plan likely to be affected by the Scheme are provided **[EN010106/APP/2.8]** as required by APFP Regulations regulation 5(2)(m). The assessment of the Scheme's effects on these sites and features required by this regulation is presented in **Chapter 7: Cultural Heritage of the Environmental Statement [EN010106/APP/6.1]**.
- 5.1.9 A plan showing the overlap of the Worlington Quarry restoration with the Order limits is provided **[EN010106/APP/2.9]**.
- 5.1.10 Other plans/drawings illustrating the Scheme are provided in the Environmental Statement **[EN010106/APP/6.3]** and also accompany the **Design and Access Statement [EN010106/APP/7.3]** submitted under Volume 7.

6 Volume 3: Draft Development Consent Order

6.1.1 The **Draft Development Consent Order [EN010106/APP/3.1]** is the draft statutory instrument which contains the legal powers that the Applicant is seeking to enable it to construct, operate (including maintenance), and decommission the Scheme should consent be granted. It sets out the parameters for what development would be permitted. It is comprised of 45 articles and 14 schedules. The Schedules are outlined below:

- a. **Schedule 1 (Authorised development)** – lists the works that would be authorised by the grant of development consent, which are shown on the Works Plans and to which the Schedule refers;
- b. **Schedule 2 (Requirements)** – sets out the restrictions that the Applicant would be required to accord with when implementing the development authorised by the Order;
- c. **Schedule 3 (Legislation to be disapplied)** – comprises a list of the local legislation relating to rivers and watercourses that the Order will disapply insofar as any provisions are inconsistent with the powers contained in the Order;
- d. **Schedule 4 (Streets subject to street works)** – sets out the streets that would be subject to street works in connection with the development that would be authorised by the Order;
- e. **Schedule 5 (Streets subject to permanent and temporary alteration of layout)** – is split into two sections, the first listing the streets that would be subject to permanent alteration of layout and those streets that would subject to temporary alteration of layout during the life of the Scheme;
- f. **Schedule 6 (Access)** – contains details of the new or altered means of access that would be created as a result of the Scheme. It is split into three sections: parts of the accesses to be maintained at the public expense; parts of the access to be maintained by the street authority; and works to restore the temporary accesses which will be maintained by the street authority;
- g. **Schedule 7 (Streets and public rights of way to be temporarily stopped up)** – sets out details of the streets and public rights of way that would be temporarily stopped up as a result of the construction and maintenance of the Scheme;
- h. **Schedule 8 (Land in which only new rights etc. may be acquired)** – sets out the land over which the Applicant is seeking to acquire new land rights only rather than acquiring the entire freehold interest in that land. This Schedule should be read in conjunction with the Land and Crown Land Plans;
- i. **Schedule 9 (Modification of compensation and compulsory purchase enactments for the creation of new rights and imposition of new restrictive covenants)** – amends relevant compulsory purchase legislation to ensure that it can apply to the Order (particularly in connection with land and rights compulsorily acquired under the Order);
- j. **Schedule 10 (Documents and plans to be certified)** - contains a list of documents that would be ‘certified’ under the relevant article of the Order if

the Order is made by the Secretary of State. These are, at the date of submission:

- i. the Access and Rights of Way Plans;
- ii. the Book of Reference;
- iii. the Design Principles;
- iv. the Drainage Strategy;
- v. the Environmental Statement;
- vi. the Flood Risk Assessment
- vii. the Framework Construction Environmental Management Plan;
- viii. the Framework Construction Traffic Management Plan;
- ix. the Framework Decommissioning Environmental Management Plan;
- x. the Framework Operational Environmental Management Plan;
- xi. the Land and Crown Land Plans;
- xii. the Offsetting Habitat Provision for Stone Curlews Specification;
- xiii. the Outline archaeological strategy;
- xiv. the Outline Battery Fire Safety Management Plan;
- xv. the Outline Landscape and Ecology Management Plan;
- xvi. the Outline Skills, Supply Chain and Employment Plan;
- xvii. the Restoration Overlap Plan; and
- xviii. the Works Plans;

k. **Schedule 11 (Arbitration rules)** – sets out the procedure for arbitration that would apply to most arbitrations in connection with the Order;

l. **Schedule 12 (Protective provisions)** – includes provisions to protect the interests of various bodies (such as statutory undertakers) in the context of the Scheme;

i.

m. **Schedule 13 (Procedure for discharge)** – sets out details of the procedure for discharge of requirements and other consents, agreements or approvals required under the Order; and

n. **Schedule 14 (Traffic regulation measures)** – sets out the traffic regulation measures which would be required on the surrounding highway network in consequence of the Scheme. This Schedule should be read in conjunction with the Traffic Regulation Measures Plans.

6.1.2 The **Explanatory Memorandum to the Draft Development Consent Order [EN010106/APP/3.2]** explains the purpose and effect of each provision in the draft DCO including why it is considered necessary.

6.1.3 The Applicant requires a range of consents and agreements to construct and operate the Scheme. As explained in the **Explanatory Memorandum to the Draft Development Consent Order [EN010106/APP/3.2]** some of these are included for in the Order, however there are other consents from different regulatory organisations that will be required separately to the Order. The need for such consents and how these are to be obtained is explained in the **Consents and Agreements Position Statement [EN010106/APP/3.3]**.

7 Volume 4: Compulsory Acquisition Information

- 7.1.1 Volume 4 provides the evidence to justify the legal powers sought for compulsory acquisition as well as information on how the Scheme is to be funded. The **Statement of Reasons [EN010106/APP/4.1]** explains that there is a compelling case in the public interest which would justify the Applicant's exercise of powers of compulsory acquisition in order to acquire land and rights permanently and to use land temporarily to enable it to construct, operate (including maintenance) and decommission the Scheme. The **Schedule of Negotiations and Powers Sought [EN010106/APP/4.4]** should be read alongside the Statement of Reasons and sets out the status of negotiations with landowners and the powers sought over the Order land.
- 7.1.2 The **Funding Statement [EN010106/APP/4.2]** details how the Scheme, including any compulsory purchase acquisition, would be funded. The **Book of Reference [EN010106/APP/4.3]** identifies all the parties who own or occupy land and/or have an interest in or right over the land affected by the Scheme, and/or who may be entitled to make a 'relevant claim' as defined in Section 57 of the PA 2008. It is structured in five parts, in accordance with the regulatory requirements.

8 Volume 5: Reports/Statements

8.1.1 Volume 5 provides the **Consultation Report [EN010106/APP/5.1]** and its supporting appendices **[EN010106/APP/5.2]**. The Consultation Report explains how the Applicant has complied with the consultation requirements set out in the PA 2008; the APFP Regulations and the EIA Regulations. The report also accords with the guidance set out in 'Planning Act 2008: guidance on the pre-application process' published by the then Department for Communities and Local Government (DCLG) in March 2015 and the Planning Inspectorate's Advice Note Fourteen: Compiling the Consultation Report.

8.1.2 The **Consultation Report [EN010106/APP/5.1]** is structured as follows:

- a. **Chapter 1 (Introduction)** – introduces the purpose of the document and provides a summary of consultation activities;
- b. **Chapter 2 (Non-statutory consultation)** – provides an overview of consultation carried out by the Applicant outside of the statutory consultation period, including a period of non-statutory consultation on the Scheme between 17 June 2019 to 28 July 2019;
- c. **Chapter 3 (EIA Scoping)** – provides a brief summary of the Applicant's actions with regard to EIA scoping and consultees who responded to this;
- d. **Chapter 4 (Statutory consultation)** – provides a detailed overview of the Applicant's statutory consultation between 22 September 2020 and 18 December 2020;
- e. **Chapter 5 (Targeted consultation)** – provides a detailed overview of the Applicant's consultation with S42(1)(d) consultees as a result of minor changes to the proposed Order limits following the statutory consultation;
- f. **Chapter 6 (Consultation responses)** – gives a breakdown of responses received from consultees under Section 42, Section 47 and Section 48 of the PA 2008, as well as the regard had to them by the Applicant (this chapter should be read alongside Appendix J, referred to below, where the regard had to the responses is demonstrated in detail); and
- g. **Chapter 7 (Conclusion)** – demonstrates how the consultation process undertaken by the Applicant complies with the DCLG guidance on the pre-application process (March 2015), as well as relevant advice from the Inspectorate.

8.1.3 Appendices of the **Consultation Report [EN010106/APP/5.2]** are listed below:

- a. Appendices A-1 to A-4
 - i. Appendix A-1: Leaflet introducing Sunnica
 - ii. Appendix A-2: List of organisations consulted as part of the non-statutory consultation
 - iii. Appendix A-3: Consultation materials published for the non-statutory consultation

- iv. Appendix A-4: Copies of stakeholder written responses received for the non-statutory consultation
- b. Appendices B-1 to D-2
 - i. Appendix B-1: The Infrastructure Planning (EIA Regulations) 2017: Regulation 8(1) letter to PINS and acknowledgement
 - ii. Appendix C-1: Copy of the notes from meetings with local authority working group on the SOCC and draft SOCC for consultation
 - iii. Appendix C-2: Copy of the SOCC consultation letter issued to each local authority
 - iv. Appendix C-3: Copy of the joint response to the SOCC consultation issued by the local authorities
 - v. Appendix D-1: Copy of the SOCC notices as published
 - vi. Appendix D-2: Copy of the final SOCC
- c. Appendices E-1 to I-1
 - i. Appendix E-1: List of prescribed consultees
 - ii. Appendix E-2: List of land interests consulted
 - iii. Appendix F-1: Copies of the letters sent to consultees under s42 of the Planning Act 2008
 - iv. Appendix G-1: Copies of the letter sent to PINS and accompanying consultation materials
 - v. Appendix G-2: Copy of the consultation questionnaire
 - vi. Appendix G-3: Copies of consultation newspaper advertisements
 - vii. Appendix G-4: Statutory consultation exhibition boards
 - viii. Appendix H-1: List of community organisations and other non-prescribed consultees consulted
 - ix. Appendix I-1: Copy of the consultation information pack issued to stakeholders
- d. Appendix J
 - i. Appendix J-1: Responses received from S42(1)(d) consultees and the regard had to them
 - ii. Appendix J-2: Responses received from the S42(1)(b) local authorities and the regard had to them
 - iii. Appendix J-3: Responses received from S42(1)(a) consultees and the regard had to them
 - iv. Appendix J-4: Responses received from S47 consultees and the regard had to them
- e. Appendices K-1 to M-3
 - i. Appendix K-1: Statutory notices promoting the consultation
 - ii. Appendix L-1 Revisions to the Order limits
 - iii. Appendix L-2: Copy of the letter to notify consultees of Order limits changes and list of consultees identified
 - iv. Appendix L-3: Copy of the letter confirming extension of the consultation period
 - v. Appendix M-1: Copy of banner provided to parish councils to promote the statutory consultation
 - vi. Appendix M-2: List of parish councils consulted in Zone 2

vii. Appendix M-3: Copy of update newsletter

9 Volume 6: Environmental Statement

- 9.1.1 The Applicant has undertaken an Environmental Impact Assessment (EIA) of the Scheme to consider what significant effects the Scheme is likely to have on the environment.
- 9.1.2 Volume 6 reports the findings of the EIA in the **Environmental Statement [EN010106/APP/6.1]** and its supporting appendices **[EN010106/APP/6.2]** and figures **[EN010106/APP/6.3]**. The findings of the EIA are also summarised in non-technical language in the **Environmental Statement Non-Technical Summary [EN010106/APP/6.4]**. Other supporting assessments and documents are provided in the Environmental Statement appendices and as separate documents within this volume.
- 9.1.3 **Volume 1 of the Environmental Statement [EN010106/APP/6.1]** comprises the following chapters:

Chapters
Environmental Statement Chapter 0 - Table of Contents Glossary and Abbreviations
Environmental Statement Chapter 1 - Introduction
Environmental Statement Chapter 2 - Scheme Location
Environmental Statement Chapter 3 - Scheme Description
Environmental Statement Chapter 4 - Alternatives and Design Evolution
Environmental Statement Chapter 5 - EIA Methodology
Environmental Statement Chapter 6 - Climate Change
Environmental Statement Chapter 7 - Cultural Heritage
Environmental Statement Chapter 8 - Ecology and Nature Conservation
Environmental Statement Chapter 9 - Flood Risk, Drainage and Water Resources
Environmental Statement Chapter 10 - Landscape and Visual Amenity
Environmental Statement Chapter 11 - Noise and Vibration
Environmental Statement Chapter 12 - Socio-Economics and Land Use
Environmental Statement Chapter 13 - Transport and Access
Environmental Statement Chapter 14 - Air Quality
Environmental Statement Chapter 15 - Human Health
Environmental Statement Chapter 16 - Other Environmental Topics
Environmental Statement Chapter 17 - Effect Interactions

Chapters

Environmental Statement Chapter 18 - Summary of Significant Environmental Effects

9.1.4 **Volume 2** of the **Environmental Statement [EN010106/APP/6.2]** is a series of Appendices which support the findings of the EIA. These are as follows:

Appendices

Appendix 1A Sunnica Energy Farm Scoping Report

Appendix 1B Sunnica Energy Farm Scoping Opinion

Appendix 4A Alternative Sites Assessment

Appendix 5A Cumulative Schemes

Appendix 6A Relevant Legislation and Policy for Climate Change

Appendix 7A Relevant Legislation and Policy for Cultural Heritage

Appendix 7B Historic Environment Desk Based Assessments

Appendix 7C Geophysics Survey Report

Appendix 7D Sunnica West Site Archaeological Desk Based Assessment

Appendix 7E Burwell Substation Extension and Cable Route Archaeological Desk Based Assessment

Appendix 7F Sunnica East and West Sites Geophysical Survey Report

Appendix 7G Cable Route Geophysical Survey Report

Appendix 7H Interim Sunnica East Sites A and B Trial Trenching Report

Appendix 7I Sunnica West Sites A and B Trial Trenching Report

Appendix 8A Relevant Legislation and Policy for Ecology and Nature Conservation

Appendix 8B Preliminary Ecological Appraisal

Appendix 8C Flora Survey Report

Appendix 8D Terrestrial Invertebrate Scoping Report

Appendix 8E Aquatic Ecology Survey Report

Appendix 8F Great Crested Newt Survey Report

Appendix 8G Reptile Survey Report

Appendix 8H Bat Survey Report

Appendix 8I Breeding Bird Survey Report

Appendix 8J Wintering Bird Survey Report

Appendices
Appendix 8K Badger Survey Report
Appendix 8L Riparian Mammal Survey Report
Appendix 8M Habitats Regulations Assessment: Report to Inform an Appropriate Assessment
Appendix 9A Relevant Legislation and Policy for Flood Risk, Drainage and Water Resources
Appendix 9B Water Framework Directive Assessment
Appendix 9C Flood Risk Assessment including the Drainage Technical Note
Appendix 9D Water Resources Data
Appendix 10A Relevant Legislation and Policy for Landscape and Visual Amenity
Appendix 10B High Level Tree Constraints Report
Appendix 10C LVIA Methodology
Appendix 10D Published Landscape Character Extracts
Appendix 10E Local Landscape Character Assessment
Appendix 10F Visual Baseline
Appendix 10G Landscape Effects
Appendix 10H Visual Effects
Appendix 10I Outline Landscape and Ecology Management Plan
Appendix 11A Relevant Legislation and Policy for Noise and Vibration
Appendix 11B Acoustic Terminology
Appendix 11C Baseline Noise Survey
Appendix 11D Construction Noise Modelling
Appendix 11E Construction Traffic Noise Modelling
Appendix 12A Relevant Legislation and Policy for Socio-Economics and Land Use
Appendix 12B Agriculture and Soils Baseline Survey Report
Appendix 13A Relevant Legislation and Policy for Transport and Access
Appendix 13B Transport Assessment
Appendix 13C Framework Construction Traffic Management Plan and Travel Plan
Appendix 14A Relevant Legislation and Policy for Air Quality

Appendices
Appendix 15A Relevant Legislation and Policy for Human Health
Appendix 16A Glint and Glare Assessment
Appendix 16B Ground Conditions Phase 1 Preliminary Environmental Risk Assessment
Appendix 16C Framework Construction Environmental Management Plan
Appendix 16D Unplanned Atmospheric Emissions from Battery Energy Storage Systems
Appendix 16E Framework Decommissioning Environmental Management Plan
Appendix 16F Framework Operation Environmental Management Plan
Appendix 16G Relevant Legislation and Policy for the Other Environmental Topics
Appendix 17A Effect Interactions Matrix

- 9.1.5 **Appendix 8M of the Environmental Statement** provides the Habitats Regulations Assessment: Report to Inform an Appropriate Assessment. It demonstrates the Scheme's compliance with the Conservation of Habitats and Species Regulations 2017 (as amended) and provides sufficient information to enable the Secretary of State to make an appropriate assessment in relation to European Sites, as required by APFP Regulations regulation 5(2)(g).
- 9.1.6 **Appendix 9C of the Environmental Statement [EN010106/APP/6.2]** provides a Flood Risk Assessment to accord with APFP Regulations regulation 5(2)€.
- 9.1.7 **Appendix 9B of the Environmental Statement [EN010106/APP/6.2]** provides a Water Framework Directive Assessment prepared in accordance with PINS Advice Note 18: The Water Framework Directive published in June 2017 (version 1). This explains how the requirements of the Water Framework Directive and the Water Environment (Water Framework Directive) (England and Wales) Regulations 2017 have been met.
- 9.1.8 **Appendix 13B of the Environmental Statement [EN010106/APP/6.2]** provides the Transport Assessment of the Scheme.
- 9.1.9 The following Application documents contain confidential information and therefore redacted versions are provided for public viewing:
- a. Annex A of Environmental Statement Appendix 8I Breeding Bird Survey Report.
 - b. Annex A and B of Environmental Statement Appendix 8K Badger Survey Report.
- 9.1.10 **Volume 3 of the Environmental Statement [EN010106/APP/6.3]** is a series of figures which support the findings of the EIA. These are as follows:

Figures
Figure 1-1 Scheme Location
Figure 1-2 Sunnica East Sites A and B Extent including Grid Connection A
Figure 1-3 Sunnica West Sites A and B Extent including Grid Connection A and B

- 9.1.11 Other documents within Volume 6 consist of the **Schedule of Environmental Mitigation [EN010106/APP/6.5]** and the **Offsetting habitat provision for stone curlew specification [EN010106/APP/6.6]**.
- 9.1.12 The **Schedule of Environmental Mitigation [EN010106/APP/6.5]** sets out all the mitigation measures to be delivered for the Scheme and how they are to be secured. This is set out in a table which contains a description of the measure; whether it is embedded or additional; the relevant topic; the party responsible for delivering the measure; whether it will be delivered during or post construction; and how its delivery is secured.
- 9.1.13 The **Offsetting habitat provision for stone curlew specification [EN010106/APP/6.6]** provides the specification for the creation of habitat for stone curlew birds affected by the Scheme.

10 Volume 7: Other documents

- 10.1.1 Volume 7 provides other documents which the Applicant has submitted to adhere with the APFP Regulations and/or which are considered by the Applicant to be required to support the Application.
- 10.1.2 The **Statement of Need [EN010106/APP/7.1]** explains the need for the Scheme and extends the case made in the National Policy Statements relevant to energy infrastructure for low carbon energy generation. It draws upon established and emerging primary analysis and opinion by respected third parties, to support the case that the Scheme is required to ensure that the UK remains on track through the critical 2020s to meet its legally binding carbon emissions reduction targets, while enhancing national security of supply, and at a cost which, in relation to other electricity generation infrastructure developments, provides value for money for end-use consumers.
- 10.1.3 The **Planning Statement [EN010106/APP/7.2]** details the Scheme's compliance with the relevant planning policy framework, at national and local levels, and other matters which the Applicant considers are important and relevant to the Secretary of State's decision. **Appendix B** of the Planning Statement provides a table detailing the Scheme's compliance with specific national and local planning policies considered relevant. **Appendix D** provides an assessment of the Scheme's harm to designated heritage assets.
- 10.1.4 The **Design and Access Statement [EN010106/APP/7.3]** provides information regarding the context of the Scheme's location; the design concept; how the design has evolved including how it has been influenced by planning policy and consultation; and the design principles for the proposed design solution including information regarding access and construction related design. **Appendix B** of the Design and Access Statement sets out the Design Principles for the Scheme which are proposed to be secured by the DCO.
- 10.1.5 The **Grid Connection Statement [EN010106/APP/7.4]** has been submitted in accordance with regulation 6(1)(a)(i) of the APFP Regulations. It outlines the details for connecting the solar PV arrays and BESS to the National Electricity Transmission System (NETS).
- 10.1.6 The **Statutory Nuisance Statement [EN010106/APP/7.5]** identifies the matters set out in Section 79 of the Environmental Protection Act 1990 in respect of statutory nuisances and considers whether the Scheme would engage one or more of those matters, as required by regulation 5(2)(f) of the APFP Regulations. Where any matters may be potentially engaged, this statement sets out its proposals for mitigating or limiting them.
- 10.1.7 The **Outline Battery Fire Safety Management Plan [EN010106/APP/7.6]** explains the risks associated with BESS fires and sets out the measures proposed to minimise the impact of such an incident during construction, operation and decommissioning of the Scheme.
- 10.1.8 The **Biodiversity Net Gain Assessment [EN010106/APP/7.7]** details the methodology used to calculate the biodiversity net gain metrics for the Scheme.
