Section 2 – Your Representation

Here you should summarise the aspects of the *application* you agree and/ or disagree with and say why. Outline what information, local knowledge or evidence you have which supports this. Please aim to limit this section to no more than 500 words (please use extra paper if needed).

I totally disagree with the proposed planning of massive solar farm. This plan will destroy the beauty of our villages, wildlife and seriously devalue property in heavily inhabited areas.

The location is absurd, there are so many other locations far more suitable. We appreciate the value of solar farms but I believe the way forward is nuclear. Solar farms need to be railway lines and on uninhabited waste land are tolerable. Wind farms at sea are also acceptable.

This threat of Sunniva invading our countryside is causing stress & affecting the health of villagers. An elderly lady who has been so worried has just had a stroke as an example. Please listen to the people who are going to suffer.

Please check that you have completed all relevant sections, otherwise you may not be able to take part in the later stages of the *Examination*.

The Planning Act 2008 process is primarily a written *Examination* process and if you are registered as an *Interested Party* you will have an opportunity, later in the *Examination* process, to provide a more detailed *Written Representation*.

You cannot reserve a right to make a *Representation* later without providing a summary of the points you intend to submit at this stage.

Your *Representation* should take the form of a summary of what you agree with and/ or disagree within the *application*, and any impacts you think it would have.

Please note that your *Representation* **must not** include material that is:

- vexatious or frivolous;
- about compensation for Compulsory Acquisition of land or of any *interest* in or right over land; or
- about the merits of policy set out in a National Policy Statement.

The information you include in the *Representation* section of this form will be used by the *Examining Authority* to carry out its *Initial Assessment of Principle Issues* and to decide the best way to examine the *application*.
