

Section 1 - About you and anyone you may be representing

Please tick the option which best describes why you are completing this form and then fill in the corresponding address block.

Tick and fill in **one option only**. Only one person or organisation can become an *Interested Party* per form. Each *Interested Party* must be registered with their own form.

I am completing this form for myself to give my own personal views.

Before completing your own personal details or those of another person or organisation, please ensure that you read our **Privacy Notice**, attached, so that you are aware of how this data will be stored and used.

Please be aware that you **must** complete one of the address block fields for your Representation to be valid.

Section 2 – Your Representation

Here you should summarise the aspects of the **application** you agree and/ or disagree with and say why. Outline what information, local knowledge or evidence you have which supports this. Please aim to limit this section to no more than **500 words** (please use extra paper if needed).

- Agree that reliance on fossil fuels has to change & sustainable alternative sources need to be developed. However feel the planned Sunnica site is too large & will impact too much on several communities in the area.
- The Chosen site will be taking valuable arable land - land that is already producing & has the necessary irrigation to do so. ^{Need for} Food self sufficiency & sustainability has become more obvious over the last few months - eg. Brexit, Covid, & unfortunately latest conflicts in the world, have illustrated that supply chains can very quickly be interrupted & become too expensive, so we must utilize our own.
- There are other alternatives to the huge Sunnica development - smaller sites on less productive land areas; encourage private house owners to have solar panels; roof space on public & commercial buildings.
- Disruption to area during construction - amount of traffic; damage to infrastructure; changes in roads - village & rural roads, byways enlarged & changed in character; Delays for locals in travelling local area due to huge increase in construction traffic.
- Safety issues - traffic increase; cycling routes interrupted
 - pollution caused by traffic & construction
 - related health problems, particularly ^{per these already on long term treatment}
 - Battery storage (Fire issues) ^{too close to houses}
 - Decommissioning (appreciated in many years ahead) but how this will be achieved & land returned to normal ~~is~~ ^{is} ~~not~~ ^{not} a priority - Fall Back Plans ??? needs to be addressed, not an "add on"

Please check that you have completed all relevant sections, otherwise you may not be able to take part in the later stages of the Examination.

Please sign your form and give today's date, below:

14/3/2022

The Planning Act 2008 process is primarily a written Examination process and if you are registered as an Interested Party you will have an opportunity, later in the Examination process, to provide a more detailed Written Representation.

You cannot reserve a right to make a Representation later without providing a summary of the points you intend to submit at this stage.

Your Representation should take the form of a summary of what you agree with and/ or disagree within the application, and any impacts you think it would have.

Please note that your Representation **must not** include material that is:

- vexatious or frivolous;
- about compensation for Compulsory Acquisition of land or of any interest in or right over land; or
- about the merits of policy set out in a National Policy Statement.

The information you include in the Representation section of this form will be used by the Examining Authority to carry out its Initial Assessment of Principle Issues and to decide the best way to examine the application.
