Subject: Request by the applicant to amend the timing of the Preliminary Meeting
Date: 17 May 2022 09:30:05

Dear Sirs

With regards to proposed changes to the scheme and the delay of the preliminary meeting, I am of the opinion that the proposal to move this meeting to mid July is not acceptable given the complexity of the changes that are being proposed.

To fully research and consult on these changes would not be achievable or give a fair appraisal within the newly proposed timescale.

I would strongly request that the preliminary meeting is delayed until the autumn which would provide more time for thorough consultations to take place.

*Kind regards,
Lyndsey*
