Subject: Sunnica's delay request to assess a possible new Grid connection
Date: 17 May 2022 10:48:12

Dear Sirs,

I am writing with regard to the above.

My registration identification number is 20030204.

I object to the revised timetable as it prejudices my ability to participate in Examination in the summer holiday period. I also object to the prejudice caused by a significant change to the application just before the start of Examination and the making of written representations.

I request that the application be withdrawn and be resubmitted when the matter is resolved.

Kind regards,

Samantha Munro
