Subject: request for revised timetable

I am writing in response to the request by Sunnica to extend their timetable for the application for the Sunnica energy farm. Until now the local community under threat from this huge and ill planned scheme have had to deal with an inadequate consultation on what we now know to be unfeasible proposals. There has already been enough interruption, cost and upset in everyones lives and the prospect that Sunnica put in a new application under the guise of a small alteration is nonsense. I would very much hope no extension will be granted and no revision allowed.

Yours sincerely, Katherine Stewart
