**Subject:** SUNNICA - Option 3 - DCO Application  
**Date:** 16 May 2022 13:36:56

---

Living in [REDACTED] close to where SUNNICA's application for Solar Panel's, covering acres of farm land. I am expressing my concerns, as below.

My concerns is the timing suggested by Sunnica for the assessment, evaluation, etc, for the new Option 3. Plus it is not yet known if the new Grid location is technically feasible. Again, which is one of my main concerns, that there is every possibilty of impact on the landscape, traffic, construction, wildlife, noise, overkill of solar panels required in this area etc. A thorough consultation is needed particularly with local residents regarding additional changes etc going forward.

The suggested 'quick' timetable will not be helpful for eveyone concerned if the time for a full consultation is during peak holiday times. So a fair timetable needs to be determined to enable fair participation.

Kind regards

Kay Blackwell
