Subject: EN010106: Application by Sunnica Ltd for an Order Granting Development Consent for the Sunnica Energy Farm - Request by the Applicant in Respect of the Timing of the Preliminary Meeting / Examination
Date: 15 May 2022 17:47:13

Comments on the following matters:

- The issue of whether the Preliminary Meeting should be delayed until mid-July 2022
- The Applicant's proposed timetable to consult further on amendments intended to form the formal Change Request to be made to the ExA.

Sunnica are proposing a significant change to their application.

I feel a fair timetable needs to be determined to enable the correct level of participation - otherwise I ask the application to be withdrawn.

Application documents need to be re-reviewed.

The proposed timetable will prejudice myself, offering insufficient time to review the changes.

I support delaying the Preliminary Meeting and the start of the Examination.

I feel the delay should be long enough to ensure fair participation, no delay will unfairly impact participation.

Regards, Morgan
