Subject: Prelim meeting extension & Revision Timetable
Date: 14 May 2022 11:33:13

Good afternoon I am in agreement that the Preliminary meeting & examination should be delayed due to the significant changes proposed, as Sunnica haven't managed to successfully look into the Burwell Grid extension in all the time they have had so far, so rushing this again will not allow the local residents time to Access the proposed changes.

I dont agree to their proposed timetable as this will not be enough time to allow them to carry out sufficient assessment, and consultation with relevant parties for their new option. We will also need time to look at these proposals on how it is going to effect us & the environment, which Sunnica obviously dont care a jot about , otherwise this ridiculous scheme would not be being considered at all.

Regards

Concerned Resident of Mildenhall
