Subject: Sunnica delay to Preliminary Meeting
Date: 18 May 2022 23:27:44

Dear Sirs,

Sunnica's request at this late stage to delay so that they can make a change to the application is incomprehensible. A major flaw in the fact that an agreement with National Grid was not agreed/approved prior to them submitting their application is unbelievable. National Grid not agreeing to the linking to the Burwell site speaks volumes and the application should be withdrawn.

Yours faithfully
Sandra Desborough
