Good evening,

I am writing to confirm my formal protest against the Sunnica application and the necessity to delay the preliminary meeting. As a local resident a huge amount of concern has been raised regarding this project, the lack of information provided to us and most importantly the lack of substantial planning and information Sunnica seem to be able to provide currently.

This project seems to be ill-thought out, slap-dash and very concerning. Until we have a consolidated plan, confirmation of the location of the sun-station and further impact of the wider scheme on the environment, local community, genuine positive impact of the scheme this process should be delayed.

Many thanks,
Jessica Wright
